Stubborn Battle Raging; Serb Forces Retreating In Montenegro

**ALLY COUNCIL MEET
PRESAGES NEW MOVE**

Italian Shells Demolish Village As Attack on Goritz Is Renewed

BERLIN, Dec. 7.—It is today announced that the Bulgarians have captured Ipek, in eastern Montenegro. The French are retreating before the Bulgarian attack in southern Serbia. The British Dardanelles position is becoming increasingly perilous, and storms prevent the landing of provisions. There is also a water famine. The Germans have captured 250 yards of French trenches in the Champagne district.

ATHENS, Dec. 7.—The Bulgarians, in a surprise movement, attacked the French right flank in Southern Serbia, it was learned today. The move may be the beginning of a campaign to force the allies to retreat toward Saloniki. A stubborn battle is raging. The Austrians expect and probably soon will capture Ipek, in Eastern Montenegro.

The Serbs and Montenegrins checked the Teuton advance two days. Unable to hold their trenches longer, they are slowly retreating, abandoning Ipek.

**FRENCH U-BOAT SUNK
BY TEUTONS**

PARIS, Dec. 7.—Today's statement admitted that an Austrian warship sank the French submarine Fresnel, capturing twenty-six prisoners.

**GIGANTIC ALLY MOVES
ARE PRESAGED**

PARIS, Dec. 7.—The allies' military commanders today read reports of the year's operations, during the second session of the War Council. It is believed that the session presages tremendous war developments.

**VILLAGE RAZED AS GUNS
RATTLE GORITZ DUEL**

VIENNA, Dec. 7.—It is today announced that the Italians have resumed their Goritz bombardment. The village of Anspeter, a suburb, has been demolished. The Goritz bridgehead is being heavily shelled.

**125,000 SERBS FLEE INTO
ALBANIA, ESTIMATE**

ATHENS, Dec. 7.—It is estimated today that the Austrians chased 125,000 Serbs into Albania. Only scattered Serbian bands are campaigning in Montenegro. Allied reinforcements have reached the Southern Serbian front.

**DUMA SESSION IS OFF
INDEFINITELY**

LONDON, Dec. 7.—Petrograd dispatches today stated that the Czar has indefinitely postponed the Duma session scheduled for tomorrow because the budget committee work has not been completed.

FORMAL REFUSAL TO EXPLAIN IS SENT BERLIN

WASHINGTON, Dec. 7.—It was learned today that the state department's formal refusal to divulge its reasons for demanding the recall of Attaches Boy-Ed and Von Papen has been forwarded to Berlin, having been handed Ambassador Von Bernstorff last night. The German embassy interpreted the action as "very unfriendly." It is rumored that Berlin already has recalled the objectionables. The state department said that no message to this effect had been received.

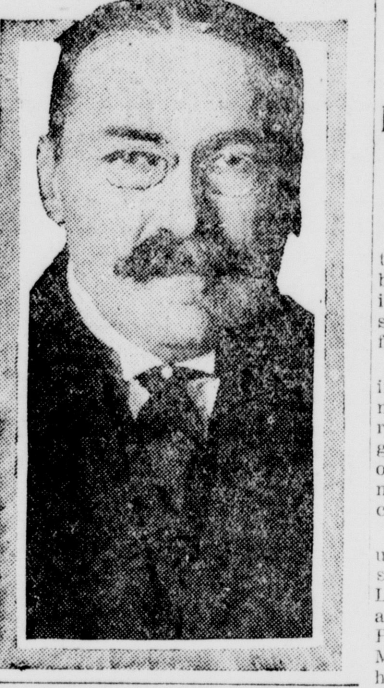

OIL PRICE GIVEN BOOST BY STANDARD

NEW YORK, Dec. 7.—The Standard Oil company of New York today advanced the price of refined petroleum for export 25 points, making cases 10.50 cents per gallon, tanks 4.75 cents, and Standard white in barrels, 8.40 cents.

KENTUCKY GETS TEMPERATE

LEXINGTON, Ky., Dec. 7.—Kentucky, the home of sour mash and moonshine, is getting temperate. Governor Stanley today prohibited liquor from state-owned buildings.

PROF. MICHAEL I. PUPIN of Columbia has just announced the discovery of a receiver for wireless telephony which is sensitive only to such waves as the operator desires. It will make the arts of wireless telephony and telegraphy commercially practicable over long distances, and may sound the doom of the cable. The professor told of his invention during his address before the National Academy of Sciences.

Bills Put in by Grand Jury Are Slashed by \$170

Foreman John Cubbon Cuts Off Mileage and Meals From the Demands

The pay and expense demands put in by the members of the grand jury that adjourned last week were cut \$170.50.

Expense bills have been cut by the Board of Supervisors before, but the laugh in this instance is due to the fact that the grand jury is expected to keep a weather eye out for demands that have been passed when they were too fat.

John Cubbon, foreman of the grand jury, took the ax in hand and with the Board of Supervisors trimmed the demands of his fellow grand jurors. A grand juror is entitled to \$2 a day, and mileage for meetings. There were four meetings. That mileage struck. Mileage for committee meetings was shaved off clean as a whistle. Then also some of the jurors put in a demand for meals that they ate while at the county seat on grand jury service. Cubbon declined to o. k. those meals, and the Board of Supervisors cut the items off the demands.

The grand jury got through with its work with far less expense than usual. Its bills totaled \$1069.95. They were cut to \$899.45. Last year's grand jury cost the county \$2689.28.

NAKED, PATTON ESCAPE TERRORIZES CITIZENS OF RIALTO, HIGHLANDS

SAN BERNARDINO, Dec. 7.—Frank Bruce today escaped from Patton. Naked, he waved a club and terrorized the citizens of Highlands and Rialto. Under-Sheriff McLain captured Bruce and returned him to Patton.

PROTECT JEWESSES

SAN FRANCISCO, Dec. 7.—The Council of Jewish Women today is considering appointing agents to meet untended Jewish girl immigrants. It is expected that there will be a big increase in Jewish immigration by way of the Panama Canal.

MAN WHO FIRED DEADLY SHOTS AT WARDLOW ARRESTED

Pasqual Basquez At Last Caught In Los Angeles As Burglar Suspect

Pasqual Basquez, wanted here for the murder of Delbert Wardlow at Talbert on March 24, 1914, was arrested in Los Angeles yesterday as a burglar suspect. He is to be brought here to face trial for murder.

Months of patient search and waiting have been rewarded. That the man was identified was due to the recognition of his name. Had Basquez gone by some other name than the one he was known by here, he would not have been picked out as the accused murderer.

Last night Sheriff Jackson picked up a Los Angeles evening paper, and saw an item to the effect that two Los Angeles detectives jumping out of an automobile captured two Mexicans, Pasqual Basquez and M. Reyes, as the Mexicans were running away from a house. The officers suspected them of burglary.

Jackson immediately telephoned to the jailer in Los Angeles, gave a general description of Basquez and referred to the circular sent out at the time of the murder.

This morning Detective McMann of Los Angeles called up the sheriff's office, and said: "He is the man you want, come and get him." When it was suggested that someone should be sent to make positive identification, McMann said that he had not a bit of question but that the man in jail was the Basquez wanted here for murder.

Death of Wardlow

Delbert Wardlow, son of R. B. Wardlow, a prominent rancher of Talbert, was killed on March 24, 1914, at the home of Epitacio Valenzuela, at Talbert. Basquez sat at a table at Valenzuela's house, to which house Delbert and R. B. Wardlow and E. D. Stafford, an Occidental cowboy, went. Because Basquez had abused the elder Wardlow, Delbert slapped Basquez's face. There then arose a wordy altercation between Delbert and Valenzuela, and the two passed out of a room on to the front porch, Valenzuela with a revolver in his hand and Delbert unarmed during him to shoot.

Valenzuela began the shooting, and immediately afterward as Delbert staggered, Basquez stepped out on the porch and emptied his revolver at Delbert's back. Delbert died soon afterward.

Valenzuela tried to shoulder the entire shooting on to Basquez, who had promptly disappeared. The evidence, however, was against Valenzuela, who was arrested by deputies from the office of C. E. Ruddock, who was then sheriff, was arrested, prosecuted, and on June 5, 1914, sentenced to ten years in San Quentin.

Basquez is about 26 years old.

STEEL SOARS AS GIST OF WILSON MESSAGE BECOMES KNOWN

NEW YORK, Dec. 7.—Publication of the president's message today caused steel stocks to climb.

Significant Excerpts From Wilson Message

We will aid and befriend Mexico, but we will not coerce her; and our course with regard to her ought to be sufficient proof to all America that we seek no political suzerainty or selfish control.

There is, I venture to point out, an especial significance just now attaching to this whole matter of drawing the Americas together in bonds of honorable partnership and mutual advantage because of the economic readjustments which the world must inevitably witness within the next generation, when peace shall have at last resumed its healthful tasks.

We regard war merely as a means of asserting the rights of a people against aggression.

But war has never been a mere matter of men and guns. It is a thing of disciplined might. If our citizens are ever to fight effectively upon a sudden summons, they must know how modern fighting is done, and what to do when the summons comes to render themselves immediately available and immediately effective.

But armies and instruments of war are only part of what has to be considered if we are to consider the supreme matter of national self-sufficiency and security in all its aspects. There is, for example, a very pressing question of trade and shipping involved in this great problem of national adequacy.

It is necessary for many weighty reasons of national efficiency and development that we should have a great merchant marine.

If other nations go to war or seek to hamper each other's commerce, our merchants, it seems, are at their mercy, to do with as they please. We have not ships enough of our own.

While we speak of the preparation of the nation to make sure of her security and her effective power, we must not fall into the patent error of supposing that her real strength comes from armaments and mere safeguards of written law. It comes, of course, from her people, their energy, their success in their undertakings, their free opportunity to use the natural resources of our great home land and of the lands outside our continental borders which look to us for protection, for encouragement, and for assistance in their development; from the organization and freedom and vitality of our economic life.

How President Plans to Strengthen U.S. Defense

Increase regular standing army from 5023 officers and 102,985 enlisted men to 7136 officers and 134,707 enlisted men, or 141,843 all told.

Increase to be accomplished by adding fifty-two companies of coast artillery, fifteen companies of engineers, ten regiments of infantry, four regiments of field artillery, and four aero squadrons.

In addition, 750 officers for extra service, especially duty of training citizen soldiers.

In addition, 792 non-commissioned officers for service in drill and recruiting.

In addition, enlisted men for Quartermaster Corps, Hospital Corps, Ordnance Department, etc.

Supplement regular army with 400,000 disciplined citizens, to be raised in increments of 133,000 a year throughout a three-year period.

NAVAL DEFENSE

Build, in five years, ten battleships, six battle cruisers, ten scout cruisers, fifty destroyers, fifteen fleet submarines, eighty-five coast submarines, four gunboats, one hospital ship, two ammunition ships, two fuel oil ships and one repair ship.

Immediately add to navy 7500 sailors, 2500 apprentice seamen and 1500 marines.

Mighty Roar of Applause Greets Chief Executive

WASHINGTON, Dec. 7.—When President Wilson delivered his Congressional message today, it was his tenth appearance before a joint session of both houses.

Hundreds of people were unable to gain admittance.

Five hundred and sixty-five cards had been issued. The entrances had been roped.

Many visitors brought their lunches. The doorkeepers refused them admittance until the lunches were eaten.

Old ladies brought their knitting. The galleries buzzed with conversation before President Wilson appeared.

The President reached the Capitol at 12:20. A crowd of secret service agents surrounded him. He entered by a private elevator.

Speaker Clark and Senate and House delegations met President Wilson in the Speaker's office. The party entered the chamber. A mighty roar of applause went up, lasting for minutes. The southerners gave the rebel yell.

The blind chaplain, Couden, prayed that Congress, upon receiving the message, act calmly, discretely and wisely, and thus serve the people's best interests.

The President's voice at first was faint, but gradually grew stronger. He paused following each sentence. He was dressed in a black frock coat and gray trousers.

Mrs. Norman Galt sat in the gallery, smiling. She was dressed in dark blue broadcloth, dark hat and wore a bouquet of orchids.

Diplomatic representatives of Great Britain, Japan, Persia, Panama, San Salvador, Sweden, Russia and Argentina listened. Germany was not represented.

NEW DOCTRINE, 'AMERICA FOR AMERICANS'

Chief Executive Enunciates Conception of Monroe Principle

Marshal Nation's Resources To Insure Peace, Is Paramount Thought

WASHINGTON, Dec. 7.—"The Americas for Americans."

This is the new doctrine for the United States, for all of the Americans and for all of the world, enunciated today by President Wilson. This "national adequacy and security," were the keynotes of his opening message to Congress, read by him at a joint session of the Senate and House.

Pan-Americanism, a partnership of the Americas against European aggression, in common causes of independence, political liberty, economic development and adjustments of the world war, is the President's conception of the modern development of the Monroe doctrine.

Upon this broad foundation the President based his plea for preparedness, a preparedness applying not only to the army and navy, but to all national functions, industrial, commercial, of transportation—in a word, national adequacy.

Marshal Resources

Marshalling of the nation's resources, not for war, but to insure peace, in a union of the Americas to maintain secure from European interference, American ideals and ideas, was the paramount thought pounded home by the President.

The address, of about 9000 words, was the longest ever made to Congress by the President.

Scathing, scorching denunciation of hyphenated Americans "who preach and practice disloyalty," was a feature.

Among the President's specific recommendations were:

Secretary of War Garrison's war reorganization.

Secretary of the Navy Daniels' navy building program.

A naval advisory council of defense. Laws to deal with foreign plots and conspirators.

Government ship purchase. Increased taxes, without a bond issue.

Rural credits legislation. Conservation measures. Philippine and Porto Rican "independence."

Investigation of railroad regulation and future development.

In delineation of the new era of Pan-Americanism and its bearing upon necessity for United States "self-sufficiency and security," the President graphically pictures the present and future effects of the war.

Altered Circumstances

"There was a time when the United States looked upon itself as in some sort the guardian of the republics to the south of her," said the President. "Every thoughtful man of America must welcome the altered circumstances of the new days in whose light we now stand when there is no claim of guardianship or thought of wards, but instead a full and honorable association as partners in the interest of all America. We will mean always to make a common cause of national independence and political liberty in America. But that purpose is now better understood."

(Citing Mexican affairs as an example of the new doctrine, the President continued.)

"Her fortunes are in her own hands. But at least we have proved that we will not take advantage of her in her distress and undertake to impose upon her a government of our own choosing. We will aid and befriend Mexico, but we will not coerce her, and our course ought to be sufficient proof to all America that we seek no sovereignty or selfish control."

Co-operating Friends

"The moral is that the states of America are not hostile rivals but co-operating friends, and that their growing sense of community interest, alike in matters political and in matters economic, is likely to give them a new significance as factors in international affairs and in the political history of the world. It presents them as in a very deep and true sense, a unit in world affairs, spiritual partners, standing together because thinking together, quick with common sympathies and common ideals. Separated they are subject to all the cross currents of the confused politics of a world of hostile rivalries; united in spirit and purpose they cannot be disappointed of their peaceful destiny."

"This is Pan-Americanism. It has none of the spirit of empire in it. It is the embodiment, the effectual embodiment, of the spirit of law and in-

DEMOCRATIC '16 CAMPAIGN NOW UNDER WAY

WASHINGTON, Dec. 7.—St. Louis today apparently is leading in the fight for the 1916 Democratic National Convention. San Francisco is unable to overcome arguments against holding the convention on the Coast on account of the long haul. St. Louis claims the best convention hall.

WASHINGTON, Dec. 7.—The 1916 Presidential campaign was launched here today with the Democratic national committee selecting a place and time for the Democratic national convention. The Republican committee meets here a week from today to do the same. The Democratic committee-men favor June.

President Wilson's renomination was not questioned by the Democratic chieftains. Other features of the campaign, including renomination of Vice President Marshall, were much discussed, informally.

TESTS BEGUN AT NORTH ISLAND BY MARTIN SEAPLANE

Manufacturer Expects to Obtain U. S. Contracts For Additional Hydros

Government acceptance tests of the new Martin hydro-aeroplanes, the largest and most powerful air and water craft thus far built to the order of the War Department, started at North Island, San Diego, yesterday, with Glenn Martin, the builder, formerly of Santa Ana, at the control wheel.

The new hydro, one of four which will be delivered to the Second Aero Squadron for patrol duty in the Philippine Islands, has a wing spread of fifty-two square feet and a supporting surface of 630 square feet, compared to 350 square feet supporting surface of the ordinary type of military tractors now at North Island.

The acceptance tests include a minimum speed run of 42 miles an hour and a maximum speed run of 72 miles an hour with a 600-pound load. The machine also must climb 3000 feet in ten minutes and glide 7 to 1. It also must demonstrate its seaworthiness in rough or choppy water.

Radiator in Lower Wing
A novel feature of the new military air scout, which is equipped with a 125-horsepower Hall-Scott motor, is that the radiator is placed in the lower wing section instead of in front of the engine. The pilot and observer are thoroughly protected from oil and water flung back by the propeller, while the exhaust is piped over the side of the fuselage and thrown abaft the pilot and observer compartments with two sets of manifolds.

MAMMA! DON'T YOU SEE YOUR CHILD IS SICK, CONSTIPATED

Get Tongue! Move Poisons From Liver and Bowels at Once

Your child isn't naturally constipated. See if tongue is coated; this is a sure sign its little stomach, liver and bowels need a cleansing at once.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't sleep or act naturally, has stomachache, diarrhoea, remember, a little liver and bowel cleansing would always be the first treatment.

Nothing equals "California Syrup of Figs" for children's ills; give a teaspoonful, and in a few hours all the foul waste, sour bile and fermenting food which is clogged in the bowels passes out of the system, and you have a healthy, happy child again.

Children love this harmless, delicious "laxative," and it never fails to give a good "inside" cleansing. Directions for babies, children of all ages and grown-ups are plainly on the tin.

Keep it handy in your home. A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then look and see that it is made by the California Fig Syrup Co.

aid fleet carries 70 gallons of gasoline and with this supply of fuel is able to fly 600 miles at a minimum speed of 42 miles an hour or 500 miles at the maximum speed of 72 miles an hour. Martin expects to complete the tests by Thursday.

"Eight machines of the type which the United States government is purchasing from me, have been sent to The Hague to be used in patrolling the Holland coast," said Martin yesterday.

Eighteen for Java
"An order for eighteen hydros also has been placed with me by the Holland government for shipment to Batavia, Java. These ships will be used in East Indian patrol duty."

The new Martin hydros are to be equipped by the government with a complete set of navigating instruments, tachometer, aneroids and other instruments to assist the aviator. Space has been set aside in the pilot and observer compartments for placing maps showing the topography of the country over which the aviator may be flying.

Immediately upon completing the tests at North Island Martin will leave for New York and Washington. At the National Capital he expects to secure a contract for building a number of new seaplanes for the navy.

TOURIST LANDS WHERE DIDN'T EXPECT TO IN L. A.—THE HOSPITAL

LOS ANGELES, Dec. 7.—H. F. Eldridge, a tourist from the east, arrived in Los Angeles early today. Almost the first thing he saw was the interior of the receiving hospital.

When Eldridge left the train he immediately boarded a closed taxicab and started for a downtown hotel. Before the cab stopped he attempted to alight. He struck the pavement on his nose and skidded several feet to the curb.

When next he opened his eyes he was in a cot in the receiving hospital, suffering from painful abrasions and concussion of the brain.

"Where am I?" he asked. "Receiving hospital," responded Nurse Mason.

"I hope the rest of the city is as hospitable," stated Eldridge.

STATUE OF JOAN OF ARC IS DEDICATED

NEW YORK, Dec. 7.—At the dedication of a statue of Joan of Arc on Riverside avenue, Jean G. Jusserand, French ambassador, declared that the French nation has only one purpose in the great war, "that it can fight and win the fight."

The bronze statue of heroic size represents the maid in armor on horseback, standing in the stirrups, and holding a sword in her upraised right hand.

The pedestal contains 19 tons of stone from the dungeon in which Joan of Arc was imprisoned in Rouen and from which she was led to the stake in 1431.

PASTOR WATRY HAS RESIGNED

Unitarian Minister Asks He Be Allowed to Withdraw At End of Twelfth Year

At the annual supper and meeting of the congregation of the Unitarian Church last evening, the members were greeted at the presentation of the resignation of the pastor, Rev. Francis Watry. Rev. Watry asked that the resignation take effect May 1, which will close his long pastorate of twelve years. No action was taken by the trustees.

Preceding the business meeting, a very enjoyable oyster supper was served with about twenty-five present. The tables were prettily decorated with delicate pink ivy geraniums and pink carnations.

Quite encouraging reports were presented and the following trustees elected: W. L. G. Haskins, who has been a member of the board for twenty years; Prof. H. P. Eggen, Mrs. Ida Crowell of Orange, George L. Wright, Dr. J. L. Stephenson.

SYRACUSE DEFEATS OXY, SCORE 35 TO 0

LOS ANGELES, Dec. 7.—In a game which, although one-sided, yet showed that Occidental is worthy of the highest consideration when it comes to western football, the team went down to defeat here yesterday afternoon before the mighty onslaughts of Syracuse by a score of 35 to 0.

At the very outset the easterners began wading through the "Tigers" as though they were chaff. The score stood 14 to 0 at the end of the first quarter.

Then came a brace on the part of Oxy. The result was that the men from the East were unable to score in the second quarter.

In the third period Captain McClung of Occidental, one of the greatest football players the West has ever known, sustained a fracture of the right leg.

The Syracuse total at the finish of the third semester was sixteen.

The fourth quarter resulted in a veritable swamping of the Southern Californians by the Syracuse steam roller.

McClung and Holmes starred for the Tigers while Captain Rose was the bright stellar attraction for the Syracuse eleven. Rafter, Slater and Cobb running him a close second.

"Shorty" Smith, Santa Ana man, loomed brightly during the game, as did also Shipkey of Orange.

SUFFRAGETTES HAVE BIG RECEPTION IN "LITTLE WHITE HOUSE"

WASHINGTON, Dec. 7.—Tonight at the "Little White House" which the suffragists here have leased for the winter, Mrs. O. H. P. Belmont, New York society leader, will hold a reception in honor of Mrs. Sara Bard Field and Miss Frances Joliffe, who brought across the country in a motor car the giant petition signed with 500,000 names asking Congress to pass the Susan B. Anthony suffrage amendment to the constitution. Miss Helen Todd of California will speak and Madame Alda of the Metropolitan Opera Company will sing. The meetings of the advisory council, which will determine plans for the winter's campaign in Congress, will open tomorrow.

MAYOR FACES RECALL

ATLANTA, Ga., Dec. 7.—The recall of Mayor James G. Woodward is demanded in a petition filed with the city council.

JUST SEE WHAT POOR OLD BILL WILL HAVE TO WORRY ALONG ON

FORT WORTH, Texas, Dec. 7.—A chain letter asking aid for the former traveling passenger agent of a big American railroad, sent to railroad officials throughout the country, inspired Traveling Freight Agent C. R. Calvert of the Yazoo & Mississippi, to write the following to the Chicago official back of the move:

"I have received your chain letter No. 21, requesting aid for an old comrade who has broken down in the harness and I cheerfully contribute. However, I note that it is requested that the chain be continued up to No. 50. Allowing for error in multiplying such large figures, I find there will be 86,819,772,411,163,186,686,638,970,947,263,625 letters written, which will be about 5,000,000,000,000,000,000,000 for each man, woman and child in the world.

"Now, if favorable replies are received to these letters, as expected, I figure that Bill will get about \$868,197,749,111,631,866,869,389,709,472,656.25. This confirms your statement that 'a sufficient sum will be raised to make Bill comfortable while he is with us,' unless he lives an unusually long time. The 20 letters already sent should bring Bill something like \$4,768,371,582,031.25, and I think he should try to worry along on that, even if he has worked for a railroad."

What War Moves Mean

By J. W. T. Mason. Written for the United Press.

BY J. W. T. MASON (Written for the United Press)

NEW YORK, Dec. 7.—The new English campaign to capture German East Africa, the last remaining colony of Germany in Africa, has been placed in the hands of General Louis Botha, South African premier.

Ostensibly the South Africans are given control of the campaign because the Germans are arming the blacks and preaching a holy war against the English. Really, however, they are in command, because the blacks defeated small British battalions who in haphazard fashion tried to conquer 384,000 square miles in the colony.

Although there are scarcely 5000 German colonists in the colony, they have organized respectable fighting units of natives.

DOUST MIDDLEMEN, PLAN OF WESTERN FARMERS

ST. PAUL, Minn., Dec. 7.—Six thousand farmers gathered here today for the annual convention of the Equity Cooperative Exchange designed to market their wheat and other products, lowering the price to the consumer and increasing the farmer's profits.

Originated by a group of farmers, who believed they could market their own grain without the aid of brokers, the equity movement has spread until it embraces Wisconsin, Minnesota, Iowa, North Dakota, South Dakota and Montana. A central market has been established in St. Paul, to be the shipping point for all grain produced in this part of the United States. A half million bushel elevator is to be built at once. The farmers plan to ship grain by barge to New Orleans, and thence by steamer to Europe.

GIRL SUES RIVERSIDE FOR \$10,000 DAMAGES

SAN BERNARDINO, Dec. 7.—Alleging that she had been crippled for life, Bertha Erdice, 17, through her guardian, yesterday filed suit in San Bernardino against the city of Riverside for \$10,000 damages. Miss Erdice alleges that she stepped upon two live electric wires while walking on the sidewalk in Riverside and that the electric shock crippled her.

COTTON EMBARGO OPPOSED

NEW ORLEANS, Dec. 7.—A legislative committee was appointed at a conference of the Association of State Presidents of Farmers' Unions to go to Washington and aid in a general movement to combat the order in council of the British government, placing cotton on the contraband list.

SCHOOL PRINCIPALS HAVE ORGANIZED

The grammar school principals of Orange county met at Tustin Friday evening, December 3, and perfected an organization for the purpose of securing better co-operation among the grammar schools of the county, and to aid their work in general.

J. R. Crandal of Huntington Beach, was chosen president of the organization. C. A. Marcy of Tustin, vice president, and W. P. Read of El Modena, secretary. Matters of interest pertaining to the work were discussed and plans for the next meetings outlined.

The next meeting will be held at Orange, January 7, the question of athletics will come up for consideration. The author of the new state series of readers has been invited to be present and discuss the question of reading with the teachers.

TO CALL FOR BIDS ON CONCRETE WORK

At a special meeting of the Santa Ana Board of Education to be held this afternoon at 4 o'clock, bids for concrete work at the Polytechnic High School grounds will be called for. The work will be a part of a comprehensive plan, launched some time ago, to beautify the grounds. Lawns, shrubbery and trees are being, or will be planted. It is stated that other important business will come up for consideration at this afternoon's meeting.

PONCE DE LEON FAILED; HIS PRIZE IS FOUND

Ponce de Leon, the daring explorer, searched among the swamps of Florida for the Fountain of Youth, which the Indians said would restore power and make people young. He did not find it. Thousands of chronic intestinal, bowel and stomach sufferers have written to Geo. H. Mayr, 154 Whiting St., Chicago, in quest of health. They have found it. His remedy, composed of healing vegetable oils from France, has indeed given them back the health of youth.

Why suffer from indigestion, gases on the stomach, fainting spells, torpid liver, constipation and all the evils of a disordered stomach, when there is permanent relief here? Mayr's Wonderful Remedy is sold by leading druggists everywhere with the positive understanding that your money will be refunded without question or quibble if ONE bottle fails to give you absolute satisfaction.—Advertisement.

HUNTINGTON BEACH

MUST ATTEND THE MEETINGS OR BE DROPPED

Talk of Disbanding Fire Department Has Come to a Halt; New Plans Made

HUNTINGTON BEACH, Dec. 7.—The talk of a complete disbanding of the fire department has come to a sudden halt. Only a few members of the department are faithful but the faithful few have decided to establish more strict rules of attendance and by way of making a beginning in this line have dropped four members from the roll for non-attendance. Those present at the last meeting were the chief, W. S. Waite, also H. T. Sundbye, John Tinsley, Gail Bergey and Walter Rigdon. The membership voted unanimously to turn in all fees received for service in case the department is called out for a fire, these fees to be used as the foundation for a fund to secure a suitable fire department office or room in which meetings may be held regularly and belongings of the department kept.

Beach Team Wins
One of the liveliest basketball games played on the local high school courts for a number of moons was the first league game of the season which was played against the Anaheim team on Friday afternoon of last week. Anaheim had already been played twice and defeated.

Huntington Beach made twenty-one points in the second half, the final score being 30 to 19 in favor of the home team. Huntington Beach plays Orange this week at Orange. The other teams in the league will also have games this week. Huntington Beach and Fullerton each have won the cup twice and it is now in possession of the Fullerton school. If either of these teams wins this year it becomes the permanent property of that school.

The local bowling team won their match with Seal Beach last week with 2494 to 2412 pins. This week they play Anaheim again. They have never yet been able to beat the Anaheim team and have always rolled low scores when playing them. They are hoping for a reversal of form in this contest.

TO PEOPLE WHO ARE UNDER NORMAL WEIGHT

Good Advice For Thin, Undeveloped Men and Women Who Want to Put on Flesh

Thousands of people suffer from excessive thinness, weak nerves and feeble stomachs, who, having tried advertised flesh-makers, food-laxs, physical culture stunts and rub-on creams, resign themselves to life-long skinniness and think nothing will make them fat. Yet their case is not hopeless. A recently discovered combination of assimilative agents has made fat grow after years of thinness, and it is also unequalled, judging from reports, for repairing the waste of sickness or faulty digestion and for strengthening the nerves. This remarkable preparation is called Sargol. Six strengthening, fat-producing assimilative elements of acknowledged merit have been combined in this preparation, which is endorsed and used by prominent people everywhere. It is absolutely harmless, inexpensive and efficient.

A few weeks systematic use of Sargol should go far to produce flesh and strength by correcting faults of digestion and by supplying nourishing fats to the blood. If not, every druggist who sells it is authorized to return the purchase price. Increased nourishment is obtained from the food eaten, and the additional fats that thin people need are thus provided. All leading druggists supply Sargol and say there is a large demand for it.

While this new preparation has from reports given splendid results as a nerve-tonic and vitalizer, its use is not recommended to nervous people unless they wish to gain at least ten pounds of flesh.—Advertisement.

Debates Friday

The first series of debates in the county league will be held Friday evening of this week. Only four of the High Schools of the county will meet, Orange having entered no team. Each of the other four schools puts two teams in the field, one debating at home and the other away from home. The team coming to Huntington Beach is from Santa Ana. The Huntington Beach team goes to Fullerton, a Fullerton team goes to Anaheim and Anaheim sends a team to Santa Ana. Fullerton won the county debating championship last year.

W. E. Tarbox, member of the board of city trustees is building a fine bungalow on Eighth street between Walnut and Olive streets.

C. S. Bundschuh has bought the Clopton property at the corner of Eleventh and Walnut streets. Rev. J. C. Hyde of Cleveland, occupied the pulpit of the Baptist church Sunday morning and evening. The church is considering calling him to the pastorate.

Elsie Lake who has been seriously ill at the Huntington Beach hospital has been removed to her home. She is still seriously ill but it is not believed that she is dangerously ill. Bernice Newland is slowly improving at the hospital. There is little change from day to day in her condition but she is somewhat better than a week ago when at her lowest.

Are To Build

City Trustee D. W. Huston and wife accompanied by J. A. Baxter and wife have returned from an extended visit in Iowa, where both have been closing up business interests. Mr. Baxter has recently decided to make Huntington Beach his home and he together with Mr. Huston and Mr. Beggs will put up a two-story brick building on the corner of Ocean avenue and Main street in the near future. They hope to begin the first of January.

Section Foreman J. L. Rodman has received instructions to reduce the P. E. section force one-half.

The concrete base in the alleys between Third and Main and Walnut and Ocean has been laid.

Mrs. Grace Bartholomew has purchased the Ocean Wave rooming house and is now managing that establishment.

The Huntington Beach Sheet Metal Works has undertaken the job of covering the septic tank for the Holland Construction Co.

The Junior Class play will be given at the high school December 17th. Nominations of officers for the Methodist Sunday school will be made Wednesday evening.

Messrs. Leon B. W. Olds and Herbert N. Hoskins of the High School faculty entertained the members of the Grammar and High School faculties at their bachelor apartments on Ocean avenue Friday evening. The affair was unique. It was denominated a Sunday Special, the various guests representing for the evening some of the so-called humorous characters of the Sunday "funny" papers. There were numerous unique costumes. One of the ladies wore a dress made of comic sheets. Entertainment was provided in various forms and refreshments served consisting of punch, cocoa and cake.

Birthday Surprise
P. W. Elliott was given a birthday surprise last Wednesday evening by the members of the Loyal Sons' and Philanthropic classes of the Christian Sunday School. He is teacher of the Loyal Sons' class. Some reason was arranged to call him away from home and on his return he found the entire crowd gathered. Those present were Rev. and Mrs. Otto D. Lee, Mr. and Mrs. W. M. Gallienne, Misses Vernie Worthly, Laura Watts, Amy Helme, Doris Watts, Pearl Porter, June Watts, Gertrude Dowdy, Zula Elkin, Irena Brunton, Lillian Stahl, Lillian Fleming, Viola Marple, Messrs. Vergil Elliott, Andrew Worthly, Guy Stem, Lawrence Worthly, David Gillison, Conrad Worthly, Paul Helme, Frank Catching, Henry Worthly.

The Sophomore class of the High School enjoyed a pleasant day at the home of the class teacher Mr. Leon B. W. Olds on Saturday. They had planned to visit Orange County Park but owing to the bad weather changed their plans and picnicked nearer home.

Do You Feel Headachy? Look To Your Stomach

It is an unusual thing for a druggist to sell medicine under a guarantee to refund the money if it does not cure. Yet this is the way the Rowley Drug Co., the popular druggists, are selling Mi-o-na, the standard dyspepsia remedy.

Never before have they had so large a number of customers tell them that a medicine has been successful as with Mi-o-na. People who a few months ago looked like walking skeletons have put on flesh and today are ruddy and vigorous with perfect digestion and good health.

There is no longer any need for anyone suffering or making their friends suffer on account of dyspepsia. Mi-o-na can always be relied upon. The percentage of cures is so great that there is little risk to the Rowley Drug Co. in guaranteeing to return the money if the medicine does not relieve any ailments.

Headaches, all forms of indigestion, specks before the eyes, dizzy feelings, poor sleep, ringing in the ears and all forms of liver trouble are helped by Mi-o-na. A few days' treatment should show considerable gain in health while a complete cure often follows rapidly.

These days are the best in the whole year for the enjoyment of good health, and Mi-o-na will put you in such perfect condition that you can enjoy every minute of them.—Advertisement.

WILSON MESSAGE TODAY IS READ TO CONGRESS

(CONTINUED FROM PAGE 11)

dependence and liberty and mutual service."

The President then outlined his plea for national defense.

"Great democracies are not belligerent," he said. "They do not seek or desire war. We insist upon security in prosecuting our self-chosen lines of national development."

America for Free Men

"We do more than that. We demand it also for others. We have set America aside as a whole for the uses of the independent nations and political free men."

"We regard war merely as a means of asserting the rights of a people against aggression. We will not maintain a standing army except for uses which are as necessary in times of peace as in times of war. But we do believe in a body of free citizens ready and sufficient to take care of themselves and of the governments which they have set up to serve them."

"But war has never been a mere matter of men and guns. If our citizens are ever to fight effectively upon a sudden summons, they must know modern fighting is done. And the government must be their servant; must supply them with the training they need to take care of themselves and others. The military arm of this government they must properly use to make their independence secure—and not their own independence merely, but the rights also of these whom they have made common cause, should they also be put in jeopardy. They must be fitted to play the great role of the world, and play in this hemisphere, for which they are qualified by principle and by chastened ambition to play."

Adequate Defense

"It is with these ideals in mind that

the plans of the department of war for more adequate national defense were conceived which will be laid before you, and which I urge you to sanction and put into effect as soon as they can be properly scrutinized and discussed."

The navy-building five-year program endorsed in detail, was said by the President to involve "only a shortening of the time within which plans long matured shall be carried out."

Trade and shipping is another problem of national adequacy, the President declared, urging the government ship purchase bill.

He did not recommend any specific appropriation.

Turning to revenue needs, the President said if the present "war" tax and sugar duties were discontinued and the national defense program enacted, the 1917 treasury deficit would aggregate \$297,000,000.

The first year's cost of the preparedness program, he said, would be \$33,800,000. By retaining the present "war" tax and sugar duties he estimated additional new revenues of \$112,000,000 annually must be provided to cover the national defense expense.

DEMOCRATIC '16 CAMPAIGN NOW UNDER WAY

(CONTINUED FROM PAGE 11)

politicians, the usual entourage of the national committee's annual meeting and the committees from cities seeking the convention, were here as usual.

There was much verbal speculation regarding the alleged movement to oust William F. McCombs of New York as chairman. Friends of Fred B. Lynch of Minnesota were said to be active in trying to have him succeed McCombs. Party leaders insisted the rumors were without foundation. Among the cities bidding for the convention were Chicago, St. Louis, Dallas, San Francisco and Omaha. Lengthy arguments and pyrotechnics were scheduled.

Largely Routine

Called to order at 11 o'clock at the New Willard Hotel by Chairman McCombs, the morning session was largely routine.

There were eight vacancies on the committee. In two of these there were contests, from Oregon and Kentucky. Urey Woodson and General W. B. Haldeman were the contestants for Kentucky's seat, and Will R. King and H. M. Easterly for Oregon's. Both contests presented novel tangles. Woodson was chosen by the Kentucky state committee. At last summer's state convention General Haldeman was named national committeeman. A similar family quarrel was the Oregon contest. King was selected by the Oregon state committee and in last year's primary election Easterly was chosen by the Democratic voters.

Problem

Democratic precedent provides full four-year terms for each committee. The national committee was present with the problem of over-throwing choices of state committees, according to established precedent, by

recognizing the choice of a party convention and the rank and file in a primary contest. Full authority and discretion were vested in the committee, to decide the contests.

Other new members seated today were: Vincent Miles of Little Rock, Ark., to succeed W. H. Kavanaugh, former president of the Southern Baseball League, deceased; John T. Barnett of Denver, Colo., succeeding Thomas J. McCue, deceased; W. W. Marsh of Waterloo, Ia., succeeding Martin J. Wade, appointed a federal judge; Charles E. Johnson of Waterville, Me., succeeding E. L. Jones, resigned; Representative Cordell Hull of Carthage, Tenn., succeeding R. E. L. Mountcastle, deceased, and Z. R. Cheney of Juneau, Alaska, succeeding A. J. Daly, deceased.

Pence Slated

The committee had to elect a secretary to fill the vacancy caused by the resignation of Joseph E. Davis, chairman of the federal trade commission. Thomas J. Pence was slated.

A spectacular feature of the meeting was the suffrage battle staged by delegations of pros and antis. Hearings were granted prominent representatives of both factions. Declaration in the 1916 platform on equal suffrage was advocated and opposed.

Another discussion within the committee was threatened over proposed resolutions endorsing the administration's national defense program. Pro-Bryan committeemen were prepared to head off such action. The committee will, however, before adjournment adopt resolutions commending the Wilson administration and achievements of Democratic executives and Congress.

Many of the national committeemen were represented today by proxies, held by various cabinet officers, senators and representatives.

MAY URGE THAT TARIFF RATE BE RAISED

CHICAGO, Dec. 7.—Big business men here today from all parts of the country will confer on a tariff program representing their views. Wholesale changes in the present tariff will be asked. The conference was under the auspices of the Illinois Manufacturers' Association.

"The tariff law is not producing sufficient revenue to meet the increasing expense of our national administration which undoubtedly will be added to it when we increase our army and navy," said B. A. Eckhart, head of a milling company here. "When the war is over the United States will be the one cash market in the world. European manufacturers will try to load here to make up for lost profits. The tariff should be reconstructed to protect the welfare of our workers, skilled and unskilled, and solely with the object of protecting and stimulating the trade upon which general prosperity depends."

The following speakers are on the program: George M. Gillette, Minneapolis, president Minnesota Employers' Association; B. A. Van Winkle, Hartford City, Ind., president Indiana Association of Manufacturers and Commerce; Charles E. Lozier, Ellyria, Ohio, president Ohio Manufacturers' Association; J. F. Edgerton, Lebanon, Tenn., president Tennessee Manufacturers' Association; George R. Meyer, Chicago; Joseph R. Grunicy, Philadelphia, president Pennsylvania Manufacturers' Association, and H. E. Smith, general counsel of the Michigan Manufacturers' Association.

Senator Burton of Ohio and Hon. Robert Dollar, president of the Robert Dollar Steamship Company of San Francisco, are also among the speakers.

IS THE FARMER RELIGIOUS?

Does the fact that two-thirds of rural churches have ceased to grow, that 83 per cent have membership less than 100, indicate that farmers are not religious? Most students of rural conditions say "no." They believe rather that the ordinary rural church has failed to fill an existing need for community leadership. It has been too insistent on sectarian distinction. It has been able to pay for only the partial time of a minister, and has made it physically impossible for him to do anything but preach weekly or occasional sermons. The result has been development of a multitude of small, weak churches, whose aggregate membership in most country communities is less than 40 per cent of the population.

Now comes along a big nation-wide inter-denominational movement promoted by the Commission on Church and Country Life, a branch of the Federal Council of Churches, to help the country church save itself. In every state this commission will plan a campaign for co-operation of churches within a township or other natural community. Three or four neighboring churches must work together under the supervision of a committee of delegates from each church. Possibly in the end they will merge. This is an interesting proposal for solution of the rural church problem. It will be worth watching when the Commission on Church and Country Life holds its national convention in Columbus, Ohio, December 8, 9 and 10, with President Wilson and Gifford Pinchot on its program of addresses.

READING ADVERTISING

Quite a number of the large newspapers of the country have recently been printing a series of articles in which they set out to educate their readers to the advantages of close scrutiny of their advertising columns. They argue that these business notices contain in every issue a market report of trade conditions and a directory of bargains, and that by looking them over from day to day the consumer can learn of special chances to buy cheaply and can thus greatly reduce the cost of living. It is suggested in these articles that many people are paying too much money for their household goods and clothing, because they do not look out carefully enough for the bargains that are available.

There are some people who will not anticipate their wants at all, even if an article which they are going to need in the near future is advertised at a low rate for a special drive. Such people are not in a position to complain if they pay good round prices. But this applies more to the readers of the newspapers in big cities than it does to a town like ours. In a community like this, there is very close reading of newspaper advertisements. This is not done merely by people who are looking for some special bargain, but there is much interest in local business enterprises. People like to see what this or that merchant is doing. They may have no special wants at some given time, but they are interested in the enterprise and progress of home merchants. They look at the work of the home stores, and their various merchandise undertaking as one of the features of the life of the town, to be followed with interest from day to day. Newspaper advertising is the medium through which they look for this information. The great majority of our people follow it closely. Others who do not study it carefully are missing the best available chance to reduce living costs.

WORTHY WORK

All California this year seems to have come to the front and enlisted its efforts to help fight tuberculosis. Now that the sale of Red Cross Seals have begun and some hundreds of workers all over the state have volunteered their services at the busiest season of the year, it means that more nurses, more dispensaries, more beds in the tuberculosis wards of the county hospitals will be provided for those made poor by the ravages of the White Plague.

The Red Cross Seals in the past year have raised nearly \$2,000,000 for tuberculosis work, besides assisting in the creation of public sentiment for preventive measures. The first seals or stamps sold in this country were sold during the Civil War for the benefit of relief funds for the sick soldiers. Today the pendulum has in-

deed swung in the other direction, and the seals are now used for soldiers on another fighting line. All the money raised will be spent in California, after the expenses for printing and advertising are paid to the Red Cross.

Tulare County now has 19,750 acres of bearing oranges and 22,550 acres non-bearing. This fact is interesting, inasmuch as at present Tulare County ships nearly 6000 carloads of oranges annually and with this large acreage not yet in bearing in six or seven years there will probably be an output of 18,000 or 20,000 carloads of oranges yearly from that section.

TYPHOID DEATH TOLL DUE TO IMPURE WATER

SANTA BARBARA, Dec. 7.—The recent outbreak of typhoid fever here, which resulted in six deaths, was due to the use of water from a polluted reservoir, Dr. J. C. Geiger of the State Board of Health reported today, following a thorough investigation. Water from this reservoir was used while repairs were being made on the system that gives Santa Barbara its regular drinking water supply.

"CHRISTMAS" MEETING

Members Travel Club No. 1 Enjoy Pleasant Afternoon Yesterday

Miss Mary Cotter of Los Angeles, one of the most faithful members of Travel Class Number One of the Eboli, was hostess yesterday afternoon to the members at the home of her cousin, Mrs. E. B. Smith, on South Birch street.

A "Christmas" effect was carried out in the effective decoration of a profusion of greenery, starry poinsettias and red-berried holly.

The afternoon was spent in recounting jolly Christmas stories and although the holiday is still some weeks off, each member took a gift and these were put in a basket and drawn by number, the ladies being delighted with the presents of dainty articles made by well-loved friends.

The leader, Mrs. J. P. Baumgartner, suggested that the old-time custom of placing a Christmas candle in the window be carried out by the members and the suggestion made to other friends.

Miss Cotter and Mrs. Smith served a collation, carrying out the holiday motif.

The next meeting will be held the 3rd of January.

Those present were: Mesdames A. W. Ames, J. W. Bishop, J. P. Baumgartner, H. R. Bristol of Los Angeles, L. J. Carden, H. C. Davies, M. F. Heathman, C. S. Kendall, J. J. Roper, Stephen Ross, L. L. Shaw, W. M. Smart, E. B. Smith, T. E. Stephenson, L. W. Van Cleave.

BARACAS EAT

First Presbyterian Class Has Oyster Supper Without Woman's Aid

Eighteen members of the Baraca class of the First Presbyterian Church met with their teacher, H. L. McDermott, in the basement of the church for a supper on Monday evening.

The able committee, consisting of Will Armstrong, Leon Dickey and Karl Burdick, planned and prepared a very substantial supper.

Anyone watching the boys cook the food might well have asked if they were preparing a feed for an army.

It might be added that after the supper the table and food resembled a pillaged Russian town after a German invasion.

The supper consisted of fruit salad, fried oysters, mashed potatoes, sweet potatoes, pickles, bread and butter and finally topped off with pie a la mode. In all, it proved to be a substantial and satisfying feed.

After the supper a short business meeting followed, at which time many class matters were discussed.

The whole supper was planned, prepared, devoured and the dishes washed without the direction of a woman's mind, the sound of a woman's voice or the touch of a woman's hand.

INSTALLATION

Hermosa Chapter, Eastern Star, Members Impressed With Beautiful Ceremonies

The new officers of Hermosa Chapter, Order Eastern Star, were installed last evening as follows:

Worthy matron, Miss Martha Whitson; worthy patron, A. N. Zerman; associate matron, Mrs. Helen Kellogg; secretary, Mrs. Mary B. Whidden; treasurer, Mrs. Annie H. Gale; conductress, Mrs. Carrie Worden; associate conductress, Mrs. Laura K. McCormac; chaplain, Mrs. Ida M. Dunphy; marshal, Mrs. Genevieve Lacy; organist, Mrs. Alice M. Tubbs; points of the star: Alla, Mrs. Margaret Allen; Ruth, Mrs. Amber Burke; Esther, Mrs. Maybelle McCleary; Martha, Mrs. Jane Trueblood; Electa, Miss Daisy Williams; warder, Mrs. Etta Evans; sentinel, W. D. Barker.

At each succeeding installation of the Star, the members say: "This is the most beautiful of all" and last evening the large company of about 200 members and visitors was more than ever impressed with the solemnity of the ceremonies.

As the seventeen incoming officers entered the hall, they formed a cross and a spotlight was thrown upon the group as the other lights were turned off. All wore robes of spotless white and the picture was one long to be remembered. Mrs. Dora M. Pease, the popular and faithful outgoing matron, was installing officer, ably assisted by Mrs. Etta Dickinson, installing marshal. Their work was perfectly accomplished. During the formation of the cross, Maurice Phillips sang an appropriate solo, accompanied by Prof. Harry Garstang, and at the close of the ceremonies, Mrs. Regina Berman, the retiring organist, rendered a selection.

The hall was a dream of Oriental beauty with its garlands of greenery, studded with Japanese cherry blossoms.

Following the ceremonies, the retiring matron, Mrs. Dora Pease, and the retiring patron, Dr. L. L. Whitson, were presented with beautiful Eastern Star pins. Both these officers have been untiring in their efforts for the welfare of the Chapter during their incumbency.

Mrs. Mary B. Whidden, for twenty years, the faithful secretary of the chapter, was also remembered with a beautiful star pin set with diamonds, the presentation being made by Dr. Whitson in his usual pleasing manner. All the recipients of gifts made responses which truly showed their appreciation. The incoming patron, A. N. Zerman, also made remarks.

Preceding the ceremonies, a sumptuous banquet was served, the dining room being a bower of bloom, the Japanese cherry blossoms and greenery being also used in large vases upon the long tables. Mrs. J. H. Cochran was the efficient chairman of the banquet committee and Mrs. John Wehrly of the decorations.

Among the many visitors present was Miss Bessie De Witt of Norwalk, district deputy grand matron, who made a brief talk. There was also a large delegation from Fullerton.

Young Lady Travelers

The Young Ladies' Travel Club will meet tomorrow at 2:30 with Miss Inez Cloyes on Cypress avenue.

Santa Claus Here Yesterday

The spirit of Christmas is again in the air, this being very apparent yesterday when dear old Santa Claus arrived here for a brief visit with the children, whom he met at Warren's Specialty store at 4 o'clock yesterday. Old Santa enjoyed an automobile trip about the city to notify the young folks that he was here and it seemed as though half the town was

Coffee

We make only one grade of coffee—Schilling's Best; pack it only one way—ground, in air-tight tins; sell it only through grocers.

All our eggs are in one basket; we make sure it's a good basket!

We are so careful of Schilling's Best that we take the risk of its pleasing you.

Your grocer has money-back for any dissatisfaction; your say-so rules.

at the store and out on the sidewalk to greet him.

As the store did not have a capacity to hold the huge crowd, some had to wait but every boy and girl greeted the good old fellow and was given a whistle, with which the city was soon made lively with the various sounds.

Santa Claus was also given a good idea of what the kiddies want for Christmas and he has a goodly supply of toys of all kinds at Warren's, together with myriads of other nice things both for young and old.

Canton Elects

Santa Ana Canton held a very interesting and well-attended meeting last evening at Odd Fellows' hall, when the following list of new officers was elected: Captain, R. B. Cook, San Juan Capistrano; Lieutenant, C. L. Norton, Tustin; Ensign, W. J. Morrison, Clerks, P. H. Anderson; Accountant, G. E. Peters.

The Canton also voted on the new Department Commander to be elected this month. The members of this Canton gave F. J. Walters of Vallejo a majority vote, H. J. Johnstone of San Diego being the other candidate.

Enjoyable Social

The Social Service Department of the Epworth League of the First M. E. Church met last night at the home of Miss Gladys Davis, on Edgewood Road, for a winter bake and social. After a business meeting games were played until supper was announced, served by the boys. It consisted of winners, buns, waters, candied nuts on crackers and not cocoa.

After supper more games were played. Among those present were: The Misses Alma Salk, Ruth Bishop, Edna Masters, Elmore and Clara Rounds, Lydia Fisher, Helen Von Ailman and Ruth Inwood; Messrs. Harry Drown, Westley Lamb, Leslie and Paul Day and Donald Jones.

Every one had such a good time, that all unanimously voted to continue having socials through the winter.

Travel Class No. 2

Travel Section Number 2 of the Eboli met Monday afternoon with Mrs. French on Spurgeon street. Twenty-two members and two visitors were present. The roll call, "Indian Stories," personal experiences or otherwise, proved so interesting that the time allowed was quite overplayed.

A paper on "Mt. Ranier" by W. B. Lee, and a detailed description of Glacier National Park by Mrs. C. W. Burns, were much enjoyed and made one realize that it was not necessary to go abroad to find wonderful mountain peaks or beautiful cascades, as, at our very threshold, nature in her most majestic and varied forms hold for us an open door.

Mrs. Scarborough gave with feeling and expression an Indian poem of Whittier, "Metacomb."

The hostess, assisted by her daughters, Miss Ethel and Mrs. E. B. Burns, served dainty refreshments, after which adjournment was taken until January 3 with Mrs. J. R. Medlock.

Finish Cozy Comforts

A few of the ladies of the Sunshine Club, living on the north side, gathered yesterday afternoon at the home of Mrs. A. Getty and spent the afternoon trying and finishing five cozy comforters for the little ones of the orphans' home at Huntington Beach.

Following their labors, a social time was enjoyed and Mrs. Getty served light refreshments to Mesdames H. P. Eggen, D. L. Mitchell, Skiles, Patton, and F. M. Robinson.

Presbyterian Mission Meeting
The regular monthly meeting of the First Presbyterian Missionary Society will be held tomorrow afternoon at 2:30 in the church parlors.

GARY SCHOOL PLAN E. M. Nealley Presents Paper Before Members Present Day Club

One of the finest papers ever presented before the Present Day Club was undoubtedly that which the members listened to last evening given by E. M. Nealley, the subject being: "Some Recent Educational Experiments With Special Reference to the Gary, Indiana, Schools."

Santa Ana audiences large or small, have well learned to know that a rare intellectual treat is in store whenever Mr. Nealley presents a paper upon whatever subject. But last evening everyone felt that he surpassed even himself.

The subject itself was one to lend inspiration, since the whole Gary experimental plan is so evidently the product of the inspiration of genius in the person of Superintendent William A. Wirt.

The fundamental idea of the many reforms inculcated in the Gary school administration is that the whole child should be educated. No side of the child's nature is neglected but physical, mental, moral, esthetic and spiritual needs are all considered and met. Growth through expression, practical and not imitative, is the end sought.

Critics of the Gary system, not a few of them of the carping variety, are met with the frank confession of Superintendent Wirt that no perfection of the whole scheme is claimed, but that it is in the experimental stages. However, there is already abundant proof that the plan in general is producing results never before attained in the same degree.

Mr. Nealley's talk was interestingly illustrated with statistical charts, throwing much light upon educational conditions in the United States and particularly in California. Much of this information was not exactly comforting.

The wish was expressed by many that Mr. Nealley's paper might be published in the local papers.

Northeast Section to Meet
The ladies of the Northeast Section of the Ladies' Aid of the First M. E. Church will meet tomorrow afternoon at 2:30 at the home of Mrs. W. L. Miller, 616 North French street. All the ladies living in this section are urged to attend. Leave your pocketbooks at home, take your fancy work and have a good time.

For Fifteenth Birthday
Miss Edith Lutz was given a very pleasant surprise dinner last evening at the home of her parents, Mr. and Mrs. A. C. Lutz, on Spurgeon street, the day marking her fifteenth birthday.

Red and green formed the effective color scheme, red geraniums and smilax blending prettily. A feature was a beautiful cake with its fifteen twinkling candles.

Dinner was served at 6 o'clock and following the appetizing meal, music, singing and games were enjoyed. Miss Edith received a number of pretty gifts.

Covers were laid for Misses Catherine Boswick, Nina Vance, May Wallace, Sibyl Kahan and Charlotte Ruser and the members of the family, Mr. and Mrs. Lutz, Edith, Ralph, Dorothy, Lenore and Baby Muriel.

AWARDS ARE MADE IN SILVER CONTEST

The contests conducted by the Alvin Silver Manufacturing Company, whose line of table silver is handled by Padghams' Jewelry store, by which chests of silver were given has just been decided. The contest was advertised during the month of October and in each advertisement was an illustration of two ladies admiring a chest of Alvin table silver and under it the query, "What are they saying?"

A prize of a 26-piece chest of silver offered for the best 50-word answer submitted by local contestants was won by Rosa Wegmann of 517 East Sixth street, Santa Ana.

The grand prize, a 208-piece chest of Alvin silver, which was competed for throughout the United States, was won by Ruby M. Hall of Cherokee, Iowa.

COMMISSIONERS OF TRADE ARE STUMPED SURE

WASHINGTON, D. C.—"What is unfair competition?"

The Federal Trade Commission, after months of trying to find out, is about where it began on that question. Ask a member what is unfair competition; he'll parry with the plea that you ask about some individual case. Complaints to the commission show that every sort of competition which can't be met seems unfair to the man who can't meet it, and the defenses offered indicate that anything goes in the rough and tumble game of business.

Unfair Competition

In the new cafeteria stores in some places in the East, a man may go in, help himself and be checked out at the door. That makes it possible, say the merchants, to sell a 15-cent article for 13 cents. Grocers brand such competition unfair.

Or take the chain-stores, buying in large quantities at cut prices, even on standard articles. Ordinary retailers fauch and cave considerably when they write the commission about these establishments. They tell about the big concern which sells a 20-cent article for 15 cents in one town and for 25 cents in another, to crowd out a competitor in the 15-cent district. "We're big and entitled to take advantage of our bigness," such concerns tell the commission.

Cheaply Imitating

Then there's the man who finds that someone is imitating his first-class goods and selling slightly under his price; the man who makes a standard article and cannot keep some retailers from knocking a cent or two off its price to attract other trade.

There have been approximately 100 types of complaints filed, ranging in merit from what the commission considers merely a case of more efficient business conduct to a number of cases of down-right skull duggery. There are state court decisions on many cases, so that what is not fair in one state is O. K. in another.

Wherefore the invitation. If anyone thinks he knows what is unfair competition, will he kindly drop a line or two to the commission?

ONCE DISMISSED WITH DISHONOR NOW ADMIRAL

LONDON, Oct. 26.—(By Mail).—Dismissed in 1910 with dishonor for losing his ship, Captain E. S. Fitzherbert has just been appointed a rear admiral of the British navy, squarely against the traditions of the service.

Until the great war began the Admiralty adhered strictly to the practice of demoting commanders who lost their ships through negligence and never granting them another command. Captain Fitzherbert lost his vessel, the Cruiser Bedford, by stranding on the Korean coast. He was court-martialed and dismissed. Later he was allowed to re-enter the navy as a superintendent of contract-built ships. His success in this work re-established the Admiralty's confidence in Fitzherbert and he is now in the high ranks of the service.

Rear Admiral Fitzherbert is a brother of Lord Stafford.

LEFT-HANDED WATCH INVENTED BY JEWELER

KALAMAZOO, Mich.—Are left-handed people inconvenienced by the right-handed movement of clocks and watches? One Kalamazoo jeweler thinks so. His daughter complained that left-handed people were not considered by the right-handed majority, so he made her a watch in which the movement of the hands is the reverse of the ordinary. Other people of like orientation were so pleased with this concession to their peculiarity that they demanded watches of like construction. Now the Kalamazoo man is thinking of going into the business of making watches and clocks that travel backward on a scale to supply all the left-handed people in the country.

GETS FABULOUS PRICE FOR '15 APPLE CROP

ONONDAGA, N. Y.—Grant G. Titchings of South Onondaga bears the unsought title "Apple King of the World." He got the title because—

He raises the best apples in the East.

He gobbles more apple prizes than any other man in the country.

He has the biggest orchard in New York state.

He never had an apple crop failure.

He sold his 1915 fall crop for the highest price ever paid in the world for a complete apple crop—\$3.40 a barrel delivered at a Syracuse, N. Y., cold storage warehouse.

Yet simply because Hithings has been exceptionally successful is no reason why he should stop trying to achieve. And he hasn't, for almost every day he can be found working among his 28,000 apple trees.

SPEED FORECAST

DENVER, Colo., Dec. 7.—Breakfast in San Francisco, luncheon in Denver and dinner in New York will be possible when the aeroplane is perfected, according to F. S. Hoyt, an aviator-inventor, who began work on a stabilizer and speedier propeller, today.

MOVIE ACTOR INJURED

LOS ANGELES, Dec. 7.—Glenn Gano, a movie actor, during acting today fell from the Fourth street bridge in front of a locomotive. He was injured fatally.

BEACH WOMEN IN FIERCE BATTLE WITH BURGLAR

LOS ANGELES, Dec. 7.—Discovered intruding in the home of Mrs. George J. Waldvogel, 702 Toledo Court, Long Beach, last night, Navarro Rangel, 19, attacked Mrs. Waldvogel and Mrs. Stephen Butler, a friend, knocking them down and kicking them, and escaped after a hard battle. It became known today. He evaded Miss Catharine Peterson, a nurse. Captured later by Officer L. V. Arnold, Rangel confessed to a string of burglaries and purse-snatchings in San Francisco, Santa Barbara, El Monte, Glendora and Long Beach. Police are looking for his partner.

ALLEGES WOMAN USED TRICKERY TO WED HIM

LOS ANGELES, Dec. 7.—Alleging that he had been tricked into marriage by a "shrewd and designing woman" while in a state of coma produced by unknown medicines administered to him, Count Niso Di Giannini, scion of the Italian nobility and recently a boulevardier of Paris, yesterday in the Los Angeles courts filed suit for annulment of his marriage to Martha Thorwick Di Giannini, prominent San Francisco woman.

Count Di Giannini alleges that "fraud, force and duress" were used on him to trick him into marriage.

LEPER CAUGHT

SACRAMENTO, Dec. 6.—State Health Department officials today announced that Joe Arsgio, a Mexican leper, who escaped the Sacramento county hospital last year, has been captured near Fresno.

1 DEAD, 5 INJURED IN L. A. ACCIDENTS

LOS ANGELES, Dec. 7.—One man is dead and five persons are suffering from injuries as a result of automobile accidents in Los Angeles early today. One man is held in the city jail on a charge of driving while drunk.

Nelson More, 55, is the dead man. He was fatally injured at Fifth and Los Angeles streets by a truck, the ownership of which has not been established.

J. Austin, a real estate man, is held in the city jail on a charge of driving an automobile while drunk.

He ran down and injured John C. Thoen.

A motor truck driven by Rex Wallingford, turned turtle near Lankershim, pinning Wallingford and another passenger, Chester Shry, beneath it. Both were injured seriously. They will recover.

Their motor truck turning turtle and catching fire, J. H. Gursion and John Watson narrowly escaped death on North Main street, near the Plaza, early today.

Both suffered many lacerations and abrasions, but escaped without serious injuries.

BOGUS 'COUNT' HELD ON BAD CHECK CHARGE

LOS ANGELES, Dec. 7.—Educated, cultured and with all outward appearances of a gentleman, Jean de Marquette was arrested today at a downtown hotel charged with passing fictitious checks. Marquette posed as a French count, the police say, and married a wealthy California woman. On the several occasions he has been in court he spurned the services of an attorney and in each case cleared himself. He is charged with passing fictitious checks on the Clune Film Company by posing as a moving picture actor.

DANCE AT BOLSA

BOLSA, Dec. 7.—A dance was given Saturday evening at the home of W. H. Luntford, of Bolsa, and a very pleasant time enjoyed by all.

Music was rendered by the Procomonte brothers, and at a late hour light refreshments were served.

Those present were: Mr. and Mrs. P. C. Head, Wm. Ward, D. Dilley, E. Newton, C. W. Blankenbecker, G. Ward, E. B. Luntford, V. C. Summers and E. Weber; Misses Effie Warren, Lena Bradley, Vina Peterson, Blanch Luntford, Mildred Ward, Blossom Ward, Della Blankenbecker, Iva Dilley and Nellie Mallet; Messrs. Adam and Martin Shiffer, Ray Morgan, R. K. Campbell, Henry Poyet, Lloyd Blankenbecker, Carl Warren, Grant Eddie, Charlie La Main and J. Spurley.

The Birds' Plea

Dear hiddies, Christmas will soon be here.
The happiest time of all the year.
While you are enjoying your Christmas toys
And your little hearts filled with Christmas joys,
Please think of the wee birds out in the snow,
Where cruel winds whistle and fiercely blow.
Our home is the air; our roof is the sky;
When we're nothing to eat we freeze and die.
Dear hiddies, you live in houses so warm.
Sheltered from cold and the blinding storm.
You'll have "merry Christmas" and plenty to eat.
Oh, please give your little bird friends a treat!
We're so hungry. Dear little hiddies, please
Hang us some Christmas cut on the trees.
YOUR LITTLE BIRD FRIENDS.

AND THE REINDEER CAME.

What They Brought Up to the Home of the Little Rich Girl.

"An—an" the teacher said, "Isped the baby of the rich, "there was reindeer hitched to sleighs full of dolls an' toys an' things, running over tops of houses on the night before Christmas."

"Yes," the proud father answered, "the teacher was right. They drove over your house last night, and Santa Claus unloaded a whole Christmas tree full of things for you."

They carried the little rich girl down the wide marble stairway to the oak paneled library on the first floor. There, between stained glass windows, was a ceiling high Christmas tree groaning with toy clowns, Shetland ponies, fairies with jeweled clothes and knobby parcels in delicate wrappings concealed in the evergreen branches. Some one turned a switch, which lighted the tree.

A tiny box hung far out on a green branch, which the rich baby's father detached and opened. The baby bent over it with an uncomprehending look. It contained gold pieces. Left to herself, she went up to the miniature house and doll family within her reach under the tree. There was the doll mother hovering over bisque children, who sat in tiny baby chairs. The house had curtains, carpets, a kitchen, real stairs and a nursery. The baby stood before it in wonderment.

Then she spied prancing reindeer attached to a toy sleigh, the back of which was filled with games, with ducks which bobbed their heads while they said "Quack," and little doll go-carts, which had lace covers and sunshades.

The morning or the afternoon of Christmas day and many other mornings and afternoons were not long enough for the baby to examine and play with all the toys and gifts which that stalwart tree held for her.

"An—an" the teacher said, "added the rich baby, "that sometimes the reindeer and the sleigh stopped for only a minute at a chimney, to leave one toy, an' sometimes—sometimes he did not stop at all."—New York Evening Post.

IMPROVED RAILROAD TIE PATENT GRANTED

GREEN BAY, Wis.—A Green Bay man has been granted a patent by the United States patent office on an improved railroad tie, which the inventor considers will make railroad travel safer and easier and the cost of ties to railroads less than at present.

One of the chief objects of the invention is to provide a practically indestructible tie of plastic material provided with shock absorbing end block, or rail beds.

LONDON, Nov 2 (by mail).—Twenty-four million dollars' worth of insurance against Zeppelin raid damage to municipal buildings has been taken out by London's Common Council (including London Bridge), schoolhouses, etc., also are insured.

PROCURE MEXICO QUAILS
SAN ANTONIO, Texas.—For the New York preserves a local dealer, Mrs. W. O. Learn, has been given a contract to supply 50,000 quail of the bob white variety, of which 20,000 are to be shipped within forty-five days.

GIRLS HURT IN FIRE

SPRINGFIELD, Ill., Dec. 7.—Fire today destroyed the Boston Store. Two girls jumped and were injured.

KHAKI IS DISMAL FAILURE. SAYS BRITISHER

LONDON, Oct. 13.—(By Mail).—Khaki, field grey and German green as invisible colors for armies are dismal failures. Fourteen months of war in the field has proved that the most invisible army of all would be one whose soldiers were clad in models of Joseph's coat.

Such at least is the verdict of a high British officer, who in months at the front has made a study of the invisibility of colors.

In clothing an army, the highest point of invisibility he says would be obtained by garbing each man in a different color, one in green, the next in blue, another in grey, one in red and so on alternately, according to the color expert's scheme. If this proved impracticable each man should be dressed in a combination of soft toned colors. Either scheme, says the officer, would enable an entire army corps to merge inconspicuously into any background.

Like the Scotch kilts, the olive-drab khaki of the British army today is based on custom, not science, he declared. Khaki originated in the British Indian army and later got to England. The European war has shown that it is far more satisfactory on the Indian plains or the African veldt than lined against the landscape of France or Belgium.

Observers unanimously have reported that against the snows of winter or the green foliage of spring or summer, the khaki-clad Tommy is a conspicuous target. The same is declared to be true of the greyish green of the German uniforms.

SHAWWAN LEGALLY DEAD IN 2 YEARS

BEVIDERE, Ill.—For more than five years relatives here have been seeking Rinard Shawwan, who mysteriously disappeared about eleven years ago. An estate of \$30,000 in which the missing man should share, is held pending the expiration of the seven years since he was last heard from, after which Shawwan may legally be declared dead.

In the country-wide search for Shawwan, trace of the missing man was found at Aiken, Minn., and again at Needles, Calif. Shawwan's parents believe he joined the Mexican revolutionists and died in battle. He always wanted to be a soldier. As a boy he played war and accidentally got two fingers of his left hand shot off.

PASADENA MAIDENS FRIGHTEN BURGLARS

PASADENA, Dec. 7.—Burglars today entered the Huntington Hall Girls' School. They took \$1000 in jewelry and money, including a collection of foreign coins. Four rooms were searched. Girls discovered the burglars, who became alarmed and fled.

SHOOTING MISTLETOE.

Sometimes Christmas Plant Is Harvested With a Gun.

The hunter took deliberate aim and fired into the higher branches of a swamp elm. Only a bunch of foliage, cut from its supporting bough by the charge of bird shot, fell a yard or so away.

"Missed him?" was the half queried comment of a "tenderfoot" who had strained his eyes in vain to see the object of the shot.

"Missed nothing," came the rejoinder. "Shooting greens," he added by way of explanation. He picked up the clump of leaves flecked with waxen berries and threw into a gunny sack three or four pounds of mistletoe, the reward of his marksmanship.

The open season for mistletoe begins early in December, according to the Kansas City Star, and continues until only a day or so before Christmas, or, in the lean years, until the crop is exhausted. The mistletoe on the Kansas City market comes from Oklahoma, where in many localities the shipping of Christmas greens is recognized as a winter industry. The old method of "shooting" mistletoe has been in large part displaced, however, by agile boys who earn men's wages by climbing for the crop and carrying it to the ground in sacks slung from their shoulders. That preserves the foliage beauty by leaving the berries intact. When the boughs are "harvested" by the shotgun method the charge jars many of the globules from their tiny stems, and the fall to earth but adds to the havoc.

Electricity In Toyland

It is only recently that electricity began to play a conspicuous part in the Christmas holiday. Of all the electric toys the little trolley car is one of the best. It gets its power from the lighting circuit and will run on its circular track quite well, as well as its big cousin runs in the city streets. Toy motors and generators to run toy machinery are especially interesting to boys. For girls modern doll houses are illuminated with tiny electric lamps.

This year Santa Claus will have in his pack a new toy for little girls, a miniature electric range. It is a complete practical range that cooks and bakes perfectly, the very thing for which little girls have longed with all their hearts. It is a safe plaything for children, and when using it they not only occupy themselves happily, but they actually learn to cook. There is a complete set of utensils furnished free, with a cookbook for children written so simply that they can understand it without difficulty. This small range is fifteen inches high, with six burners and a practical little oven.

"Yule Doughs" and Mince Pies.

The Yule doughs (little cakes), mince pies and plum porridge (now plum pudding), were old especial Christmas dishes. The first, also called Yule babies, had their origin in Rome, where images of the child Jesus and the Virgin Mary were sold by the bakers on Christmas eve. The following account of the English mince pie, as recorded by an old traveler, will doubtless be interesting to housewives of the present day: "Then every family against Christmas made a famous minched pie, called Christmas pie; it is a most learned mixture of meats, tongues, chicken, eggs, sugar, raisins, lemon, orange peel and various kinds of spicery. They also made a sort of soup with plums, which is not at all inferior to the pie, which is in their language called plum porridge." Herrick, in his account of the ceremonies of Christmas eve, writes: "Come guarde this night the Christmas pie. That the flesh, though ne'er sile, With his thiefe hooks don't come nle To catch it. From him who all alone sits there, Having his eyes still in his care, And a deale of nightie feare To watch it."

BOARD OF SUPERVISORS P. E. OFFICIALS ASKING COUNTY TO TAX JITNEYS

President Paul Shoup Says
That Equality of Regula-
tion Only Is Sought

This afternoon Paul Shoup, president of the P. E., and Tax Agent Hill of the P. E., went before the Board of Supervisors and asked that an ordinance be passed for the taxation and regulation of motor vehicles doing a passenger business.

Following a statement by Shoup of the situation as the P. E. sees it, Supervisors Talbert, Leck, Smith and Schumacher stated that they believed some action should be taken along the line suggested by Shoup, and Talbert further said that the supervisors had already the matter under consideration, not that it was desired to play the game for the P. E. but that it is only right and fair that the jitneys should stand their share of the burdens of keeping up good roads and public business.

"At the last legislature," said Shoup, "bills were passed placing a tax of \$7.50 per seat upon motor vehicles engaged in transportation of passengers. The governor vetoed the bills, and said that taxation and regulation of those vehicles ought to be taken up by municipalities and counties. In accordance with that view, we are now asking you to take action."

"The Pacific Electric is only asking for equality in taxation and regulation. Our state tax amounts to about \$20 per seat per year. Our state tax has gone up thirty per cent in the last few years. It is not right that you should keep us in competition with motor vehicles that use the public's roads and which do not pay their proportionate share of taxes. We have taken off many cars. Last month we reduced our employees by 100. We are discontinuing and taking up some of our weaker lines. If the people let the jitneys have free rein, and cripple us and we are compelled to cut down our lines, the money that we pay in taxes will be reduced. The public will then put a heavy tax on motor vehicles in our line of business. If that proves that the motor vehicle is not dependable, and the taxation puts it out of business, the public will be up against it in those places where we have taken up our lines, for certainly you will never get an electric company to put back a line once taken out."

"If conditions were proper for interurban extensions, this county, by reason of its conditions and products, would be one of the first places in California for interurban mileage, but under present conditions it is utterly impossible to expect extensions."

"We are not asking that you pass an ordinance that will be handing anything to the P. E. All we ask is that

IN THE JUSTICE COURT DANGER AGAIN JAIL FLIRTING

"Red" Carter May Sometime
Learn That the Fiddler Has
Got To Be Paid

When Robert Carter, a dancing teacher known here as "Red" Carter, gave some worthless checks he entered upon a flirtation with prison walls that resulted in a sentence of seven months in the county jail. He did some more serious flirting at the county road camp below Laguna Beach, and again the dancer will have to pay the fiddler.

Carter was one of the prisoners used in road construction. At night these prisoners are kept in a steel wire cage. During the night Carter worked some of the wire loose from the bottom of the cage, and had a hole just big enough for a man to crawl through. When it came time for the prisoners to go to work, Carter and a Mexican played sick, and were left locked in the cage. However, the guards got wise to Carter's game, and one of them remained in camp. It was not long before Carter kicked off the two boards outside the wire. He then discovered he was watched. He said he was leaning back with his foot against the cage, and his foot slipped, and that is how the thing happened.

He is charged with attempted jail-breaking, punishable by six months in jail.

AT THE COURT HOUSE CAREFULLY QUIZZES THOSE OFFERED AS CHARLESTON JURORS

Anaheim Young Man and His
Mother Hear Questioning
Of the Venire

This morning the selection of a jury to try Roy Charleston of Anaheim on a charge of stealing furniture from his employer, the Graham Furniture Company of Anaheim, was a quiz in Judge West's court. Attorneys H. G. Ames of Anaheim and E. C. Leck of Los Angeles began exhaustive examination of those offered for jury service, and up to noon only six of the venire had been quizzed by Attorney Ames.

Each man is asked as to what he knows, what he has read and what he thinks of the Charleston case.

Among the witnesses present are Mr. and Mrs. J. M. Pickering and their daughter of Hollywood. According to the evidence at the preliminary, the furniture was shipped to Pickering's home on the expectation that Charleston and Miss Pickering were to be married.

Says Mind is Off
This morning when G. W. Robinson, parole violator, up for the second time for giving bad checks, was in court, two women for whom he had worked as gardener, stated that they thought he ought to be examined as to his sanity. Inquiry developed that he seemed to be sound minded on other matters but off when it comes to writing checks. No one was found who would swear to a complaint charging Robinson with insanity, and his case was set for this afternoon by Judge West. Those who accepted checks from Robinson are W. F. Palmer, E. T. Mateer, W. S. McVay, E. R. Curtis and R. L. Tiller.

CITY TRUSTEES

WILL GET BIDS AND OFFER A CONTRACT

Citizens Committee Given Authority to Proceed With Lighting Project

JITNEY SPIELERS ARE ORDERED OFF STREETS

Arrangements May Be Made For the Improvement of City Limits Streets

The City Trustees last night: Sanctioned the plan of the Citizens' Committee to take bids for installation of ornamental lights.

Ordered jitney spiliers off the streets.

Instructed the city marshal to notify independent garbage haulers to quit working in competition with the garbage contractor, Eyraud Bros.

Appointed a committee to confer with Supervisor Leck in regard to improving streets half in county and half in city.

That the ornamental lighting question will soon come to the signing of contracts and the beginning of construction work was indicated last night when the city trustees authorized the Citizens' Committee, S. H. Finley, G. W. Minter and P. P. Nickey, to receive bids for the installation of ornamental lights.

"We can advertise for bids for the underground work," said Finley, "and for furnishing the various posts and lights, and then have each property owner sign the contract. The underground work will be of the best and most modern. After receiving bids for posts and lights, we propose to see the property owners and find out what they want before we circulate the contract."

Spiilers Can't Spil
"Our city ordinance prohibits spiliers and agents for jitneys from working on the streets," said Trustee Tubbs. "I move that the ordinance be enforced by the marshal at once."

The Easiest Way To End Dandruff

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.

MARGARET GALE is the newest beauty discovered for the movies, and she has created something of a sensation. Lee Kugel, a prominent figure in the movie business in New York, found her photograph in a studio window. He asked for her at once, and she looked even better than her studio pictures.

"How much are you making now?" asked Kugel.
"Thirty dollars a week," she said.
"I'll give you \$200 if you can act," said he.
Now he is glad he signed a contract with her.

The spiliers have become a nuisance. One of them even has a chair chained to the sidewalk at Fourth and Main. They arrange it so that there is a jitney in front of Rowley's every few minutes.

Trustee Maryatt said he saw a jitney drive five times around the dead-end block apart on Fourth, just to keep in motion. He said such performances should be stopped. Tubbs motion carried.

See About It

Trustee McPhee said that complaint had been made that two horses were kept close to the window of a sleeping room. When Officer Pond attempted to get the horses removed, he was told that he had nerve, check and a few other things for daring to interfere. Last night McPhee read from the city laws to prove that the police have complete authority with the health officer to remove a nuisance. On McPhee's motion the city marshal was instructed to investigate and take action, if needed.

Mayor Visel was authorized to put \$750 insurance on the city's hay. At present there is \$50.

Garbage Troubles

A communication from Attorney W. F. Menton representing Eyraud Bros., which firm has the contract to haul garbage from the city, protested that several persons are hauling away the best of the garbage under private arrangements with restaurants and others who produce are garbage. Eyraud objected to having the best garbage thus taken from him.

City Attorney Scott said the city

can enforce an order that Eyraud Bros., and they alone can haul garbage.

McPhee moved that the city marshal instruct the independent garbage haulers to desist under penalty of prosecution.

Greenleaf scoffed at the idea. He said it was plain to him that a man has a right to sell garbage to whom he pleases, that the city cannot compel him to give his property away. Maryatt joined with Greenleaf in this view. City Attorney Scott when questioned said that the garbage could be hauled, but the city had absolute authority to regulate the moving of garbage through the city streets. McPhee's motion carried. Greenleaf and Maryatt voting no.

Jitney Dancing

A remonstrance from Mrs. McElree as a representative of the Parent-Teacher Association protesting against allowing a license for a "jitney dance hall" in Santa Ana was read. On Tubbs' motion the communication was filed, no application for such a license having been received.

"The jitneys have made us dance enough already," said McPhee facetiously.

Rafferty Resigns

Fred Rafferty resigned as a member of the Park Commission. Rafferty expects to spend much of 1916 traveling in the Orient. The resignation was accepted. The vacancy was not filled last night.

W. W. Compton was granted a refund on a jitney license, and H. L. Phelps was granted a jitney license. The Automobile Club of Southern California was given a permit to erect signs in the city limits.

A report was made showing indemnity insurance given upon men employed by Steele Finley on Chestnut avenue paving.

Insurance by City

A communication from the State Industrial Insurance Commission directed the city to have its employees make reports of accidents, and insisted that injuries be cared for by regularly licensed physicians or surgeons. All accident reports must be made to the commission.

Under an ordinance the firemen have been receiving \$17 a year each as an insurance fund. Since the city has taken out indemnity insurance for all its employees, McPhee moved that the city attorney be instructed to prepare an ordinance to repeal the antiquity. This motion carried.

G. E. Peters, secretary of the firemen, said he wanted to know how the state insurance would affect volunteer firemen. Is a volunteer who is disabled to get 65 per cent of his outside salary or merely 65 per cent of his \$5 or \$7 or whatever it may be a month that the city pays him as a volunteer fireman. Mayor Visel said he would write to the State Commission at once and get definite information. Peters said that if they are insured only on the basis of the pay they get from the city, they are not insured at all.

Street Lighting

A petition asked for ornamental lights on Spurgeon from Second to Sixth. The petition was filed.

A petition for lighting on Broadway from Fourth to Sixth was withheld from filing at the request of the trustees, who fear that too much new lighting will run the electric light bill

C. B. Skiles applied for appointment as inspector of Chestnut paving.

Permission was given F. M. Young to change the word "cafe" on his electric sign to "catereria." City Electrician McCulloch said the sign is larger than the ordinance permits.

Partition Streets

Supervisor Leck of Tustin said that he was willing to meet the city half way in the improvement of any partition street, a partition street being one with the boundary line in the center of the street. He said Edinger street ought to be graded, oiled and graveled. He would stand half the cost. McPhee said Leck had always done his share in caring for joint streets. Greenleaf and McPhee were named as a committee to confer with Leck.

Leck said the county would stand a share and he thought the city and property owners should stand their shares in paving Mabury street from First to Fourth.

Street Matters

When asked what had become of the petition to oil and grave Lacy street, Mayor Visel said it was being held up for an ordinance to regulate such work.

Will Fowler was given permission to circulate a petition for oil and gravel work on Stafford and on East Fifth.

A contract between property owners on Van Ness and Allenball and Minix, whereby the latter agree to haul good gravel for 75 cents a yard was presented. The trustees took the view that the city is not a party to the contract. A motion that the property owners can get anyone they please to haul gravel was carried, the gravel to be acceptable to the street superintendent.

McPhee said there had been numerous mix-ups over the work on Van Ness and he moved that the engineer be instructed not to set stakes for any contractor until the contractor has a contract from the owner of the property on which the stakes are wanted. This motion carried.

Maryatt said he proposed to watch paving on Chestnut very closely. "Did I understand you to say that you offered your services as inspector free?" asked the mayor, jokingly. Maryatt moved that the street superintendent be authorized to appoint an inspector. This carried.

Committees Report

On the recommendation of Tubbs and Greenleaf, a permit was given the Indian Motorcycle Shop to put a pump in the sidewalk on Sixth street. The same committee said steps should be taken to straighten Poinsettia at Washington. R. B. Cook is to be seen to determine whether or not he will buy a 15-foot strip. The Taxpayers' League was given permission to meet at the city hall

the second Saturday of each month.

It was decided to buy a \$10 kettle for heating asphalt for street repairing.

The city marshal was authorized to sell a buggy and harness taken when three Mexicans were arrested recently. A fourth Mexican, owner of the rig, escaped, and did not come back for his outfit for fear of arrest. The horse died.

Calls it Nuisance

McPhee said some one proposes to ask for a permit to build a bootblack stand at the edge of the sidewalk on Sycamore near Fourth. He said he did not believe the city has the right to give permits to stands of any kind on the streets.

City Attorney Scott said that unquestionably McPhee was right in that view, but by custom the city had granted many permits.

Mayor Visel said that some of the stands are really nuisances, as they block the streets, which belong to the public.

The city attorney reported that the northeast corner of Sixth and Bush belongs to the Seeger estate with a life interest vested in Mrs. Craemer, who would have to pay the cost of curbing, about \$25. The attorney was instructed to proceed to have the work done by Vrooman act.

Scott said the S. P. had informed him that it will put a wig-wag on North Main street at its crossing as soon as a permit is received from the Railroad Commission.

Office Comfort

Comfort

Steam heat radiates comfort. Cold mornings have no terror for the occupants of a steam heated building.

Convenience

In addition to having steam heat, it is quite convenient to have hot water in an office. Steam heat and hot water are elements of comfort that are essential in the modern, up-to-date office.

Sanitation

One of the greatest aids to hygienic sanitation is hot water. One of the first questions asked by the modern up-to-date physician in looking for an office is, "Have you hot water?" We answer, "Yes."

Modern Offices

The W. H. Spurgeon Building is a modern, well lighted, well ventilated office building. Steam heat, hot and cold water, elevator service and, last but not least, the luxury of walking into a clean office when you start your day's work—competent janitor service is rendered.

Room 233

HUNTINGTON BEACH

BEACH CITY WILL
VOTE ON \$20,000
BONDS ON DEC. 28

HUNTINGTON BEACH, Dec. 7.—The gas question continues to be the main topic for discussion in this city, although for the past few days there has been available gas most of the time. The city trustees at the last regular meeting put through the ordinance calling the bond election for December 28. The election will be held on that date to decide for or against the proposition to issue municipal bonds in the sum of \$20,000 for the purpose of buying or installing a distributing system with the expectation that natural gas from the Fullerton oil fields will be brought to the city by the Southern Counties Gas Company.

Of course the city will have to get rid of the franchise claims of the West Coast Gas Company, but in view of the unsatisfactory service that has been rendered it is not believed that this will be a difficult matter. The proposition has been suggested that the city merely declare the franchise forfeited and so put the burden of a contest on the gas company or its successors. It is not believed likely that any contest will be made.

The Board of Trade has endorsed

the proposition and it is understood that one of the last acts of the present board of directors will be to arrange and carry through a campaign to secure the success of the bonds.

The gas company is reported to have defaulted payment of interest on its bonds and the entire plant and business, including the ranch of President Sackett at Bellflower is to be sold on December 27 to meet the obligations. This sale occurs the day before the election to vote on the bonds. Newport Beach is to hold an election on an identical proposition the same day that the election is held here.

The Board of Trade in addition to discussing the gas question at some length has nominated officers and directors for next year, the election date being set for the last Friday in December, which is New Year's eve. The nominations made are as follows: For president, Ralph E. Graves; for vice-president, E. E. French; for second vice-president, Eugene Davis; for secretary, C. E. Lavering. The following nominations were made for directors, nine places being vacant: W. D. Seely, M. E. Helme, L. J. Hahn, Albert Onson, T. R. Canady, W. E. Tarbox, H. L. Heffner, F. H. Rigdon, H. T. Sundbye, F. H. McElfresh, George Lake, Jesse R. Crandal, A. W. Griffith, S. Floyd Keener, John Tinsley.

Urging Taibert. Friends of T. B. Taibert, president of the Orange County Board of Supervisors, are urging him to allow his name to be used as candidate for the Republican nomination for member of Congress from this district. Mr. Taibert has not yet consented to accept the honor if offered him.

D. A. Casey was among the passengers to Los Angeles on this morning's train.

PRESBYTERIANS RAISE \$6444.40 IN A HURRY

Orange News: The Presbyterians did some "cheerful giving" yesterday. When the new church was built the congregation went in debt about \$10,000. A week or so ago it was suggested that it might as well be paid now as any time. So yesterday in about thirty minutes, without any urging, nagging or threatening to lock the doors, \$6444.40 was subscribed. It was a new way to raise money. Dr. Speer made the simple statement that the officers thought the money should be subscribed. He stated that no organization such as the Ladies' Aid, the Endeavor or Sunday school would be asked for subscriptions. That there would be no suppers, or sales, or entertainments or bazaars given. That only subscriptions from individuals would be asked. There had been little of the usual preparation made. There were not even any "funny stories" told—an earnest prayer was substituted. Since the \$6444.40 was subscribed by 121 persons, the pastor and officers feel certain that the rest of the \$10,000 will be subscribed.

YORBA CONTEST WILL BE HEARD ON DEC. 24

Los Angeles Times: The litigation involving the great estate of Bernardo Yorba, who died fifty-nine years ago, will come up in the probate court on the 24th inst. A continuance was granted by Judge Rives yesterday.

The legal question centers on whether there was an order of the court for the distribution of the estate. There is also a claim that fifteen of the seventeen children divided the acres among themselves, to the exclusion of the other two.

The suit was brought by Mrs. Beatrice A. Johnson and Mrs. Robert Bailey, great-grandchildren of the third wife of Bernardo Yorba, who declare they never received their share of the estate. At the death of Bernardo Yorba his estate comprised 65,000 acres in Orange and Los Angeles counties.

Here's the latest member of the "old-time jimmy-pipers" club. It's a fine likeness of John E. Bach, 101 years old, of Newark, N. J. He has been a pipe smoker for 80 years. Mr. Bach, who enjoys his smoke every day, gives this idea of a long life: "Smoke all you want, eat all you want, sleep all you want—and don't worry!"

P. A. is sold everywhere in tippy red bags (handy for foreign smokers), 5c; tippy red tins, 10c; handsome round and half-pound tin humidors—and that classy crystal-glass pound humidors with the sponge-moistener top that keeps P. A. bang up.

"P. A." spells tobacco
all over the world

Men of all tastes take to Prince Albert pipe and cigarette tobacco like it just about answers *all* questions! *And it does!* Quicker you get on speaking terms with this national joy smoke the sooner you'll get a whole lot off your mind. Because, it just hands you more fun than you ever got out of a pipe or makin's cigarette before. The patented process fixes that—and removes the bite and parch.

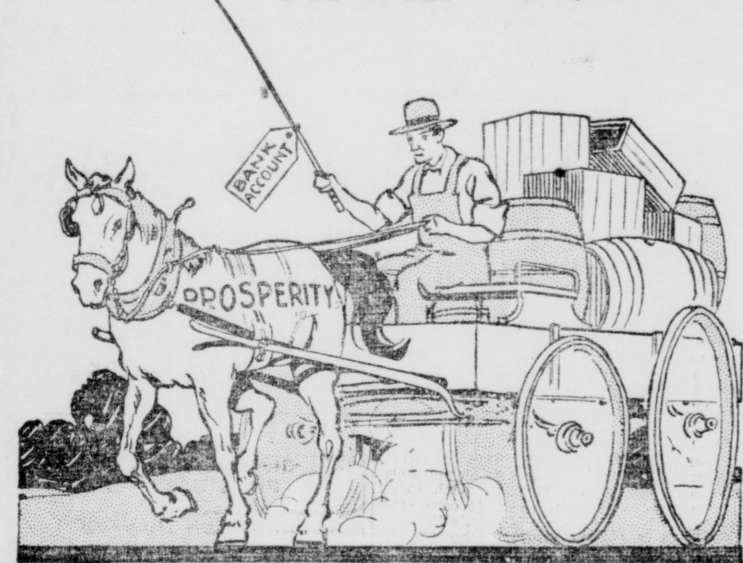

PRINCE
ALBERT
the national joy smoke

is the one brand of tobacco you can take liberties with, firing away 24-hours straight without a tongue-kick! You get the listen of that.

Cut out lamenting for that old jimmy pipe stored away in the rafters; stop fretting about how you'd like to roll 'em, *but you dassn't*. Men, you can lay your last cent that you'll be top-notch-tickled if you catch the spirit of this testimony and get some P. A. and go to it! Never did anything but make smokers jimmy pipe joy's and cigarette makin's happy—and that's just what's coming to you!

Can you sit-tight and get that P. A. aroma from somebody else's friendly old pipe or rolled cigarette? Can you pass up pleasure that's due you, and coming to you quick as you jump that fence into the Prince Albert pasture? Come on out and be a regular fellow who's game to take a chance for what ails his smokeappetite division!

Made from the right crude

The Jury of Awards at both San Francisco and San Diego Expositions found an oil made from California asphalt-base crude, highest in lubricating efficiency. That oil was Zerolene. The fact, too, that such unbiased authorities as a U. S. Naval Engineer, engineers of the Packard and Ford Motor Companies, and others, have also gone on record in favor of oils made from asphalt-base crude—in accord with the decision of the Exposition juries—proves that Zerolene is made of the right crude, and made right.

SERBIA WILL BE
LAND OF GREAT
HAPPENINGS

(By a former American now in Mac-

Ken's Army.)

BELGRADE, Serbia, Oct. 15.—(By mail to Berlin and New York, Oct. 21).—A hot week I have had. I have been on the firing line all the time and haven't had a scratch. Many of my companions have fallen. The Serbians are making strong resistance and it is terrible to have to charge across an open field with machine-gun fire from both sides. The Serbians fight like demons until they hear our hurrah and then they run!

Great Losses

During the night of the sixth and seventh of October we forced passage across the river Save, east of Belgrade. Great losses. The following days we drove the Serbians out of the hills. Now we are before a great mountain, the name of which I must ignore. Here we expect a gigantic battle.

I have lost many comrades. It is heart-breaking to hear them cry for help. When one is on the firing line and hears the bullets whistle overhead, when one is on patrol duty at night, one learns what war means.

What Would You Think?

What would you think, how would you feel, if you were ordered to cross an open space under heavy machine-gun fire from the right flank and comrades fall dead before your eyes while many fell wounded behind you and you reached cover in safety?

I was with some comrades on outpost duty. An American shell exploded over our heads and seven out of eight men were wounded. How would you feel? I felt like some Almighty hand had protected me.

Heavy Shell Fire

Every day we are under heavy shell fire. The Serbians seem to have plenty of ammunition.

Serbia will be the land of great events. France and England are sending a great number of men. I expect big battles, as big as we have just had in France and Belgium, where the losses must have been tremendous.

RECOMMENDED FOR COUP

Coughs, Colds, croup, hoarseness, inflamed throat, bronchial troubles or sore chest are relieved by Foley's Honey and Tar which opens stopped air passages, soothes and heals inflamed surfaces, and restores normal breathing. W. C. Allen, Boseley, Mo., says: "I have raised a family of four children and used Foley's Honey and Tar with all of them. I find it the best cough and croup medicine I ever used. I used it for eight or ten years and can recommend it for croup."

LOS ANGELES PRODUCE MARKET

One of the largest wholesale grocery houses stated yesterday that an advance of from 15 to 30 cents a hundred was expected in the price of sugar just now. This rise in value would go into effect as soon as it seems certain that sugar will be more expensive this winter than for many years, notwithstanding the fact that the Cuban crop is a large one.

Several price changes were noticed in the vegetable list Monday. Ordinary lettuce is now worth 40 cents a dozen, and cauliflower is cheaper at \$1.40 to \$1.50 a crate. Green chile, eggplant and bell peppers are bringing the advanced quotation of 6 to 7 cents a pound. Cucumbers are soaring and both the fresh and the hothouse varieties are selling for as much as \$1.75 a dozen. Onions were unaltered, with the exception of brown globes, which have been advanced 15 cents a hundredweight.

Fresh ranch eggs continue to decline.

CURRENT PRICES

HIDE IN TRENCHES

LONDON, Nov. 2 (by mail).—All the nuns and girl pupils in a convent school in a Belgian town near the British line find daily refuge in the British trenches when the town is under bombardment. Special communication trenches have been dug and the moment shells get to flying too thick the sisters herd their little charges out among the Tommies in the trenches.

WHAT'S A BOY SCOUT?

A Glimpse of the Life of the Boy Who Belongs

(Reprinted from "The Boy Scouts Year Book," the new book for boys, published by The Boy Scouts of America by D. Appleton & Co.)

A scout! He enjoys a hike through the woods more than he does a walk over the city's streets. He can tell north or south or east or west by the "signs." He can tie a knot that will hold, he can climb a tree which seems impossible to others, he can swim a river, he can pitch a tent, he can mend a tear in his trousers, he can tell you which fruits and seeds are poisonous and which are not, he can sight nut-bearing trees from a distance; if living near ocean or lake he can reef a sail or take his trick at the wheel, and it near any body of water at all he can pull an oar or use paddles and sculls; in the woods he knows the names of birds and animals; in the water he tells you the different varieties of fish.

A Scout walks through the woods with silent tread. No dry twigs snap under his feet and no loose stones turn over and throw him off his balance. His eyes are keen and he sees many things that others do not see. He sees tracks and signs which reveal to him the nature and habits of the creatures that made them. He knows how to stalk birds and animals and study them in their natural haunts. He sees much, but is little seen.

A Scout, like an old frontiersman, does not shout his wisdom from the housetops. He possesses the quiet power that comes from knowledge. He speaks softly and answers questions modestly. He knows a bragart but he does not challenge him, allowing the braggart to expose his ignorance by his own loose-wagging tongue.

THE SCOUT OATH

On my honor I will do my best:

1. To do my duty to God and my country, and to obey the Scout Law;
2. To help other people at all times;
3. To keep myself physically strong, mentally awake, and morally straight.

THE SCOUT LAW
1. A SCOUT IS TRUSTWORTHY
A Scout's honor is to be trusted. If he were to violate his honor by telling a lie, or by cheating, or by not doing exactly a given task, when trusted on his honor, he may be directed to hand over his Scout badge to the Scoutmaster.

2. A SCOUT IS LOYAL
He is loyal to all to whom loyalty is due: his Scout leader, his home, and parents and country.

3. A SCOUT IS HELPFUL
He is prepared at any time to save life, help injured persons, and share the home duties. He must do at least one good turn to somebody every day.

4. A SCOUT IS FRIENDLY
He is a friend to all and a brother to every other Scout.

5. A SCOUT IS COURTEOUS
He is polite to all, especially to women, children, old people, and the weak and helpless. He must not take pay for being helpful or courteous.

6. A SCOUT IS KIND
He is a friend to animals. He will not kill nor hurt any living creature needlessly, but will strive to save and protect all harmless life.

7. A SCOUT IS OBEIENT
He obeys his parents, scout master, patrol leader, and all other duly constituted authorities.

8. A SCOUT IS CHEERFUL
He smiles whenever he can. His obedience to orders is prompt and cheerful. He never shirks nor grumbles at hardships.

9. A SCOUT IS THRIFTY
He does not squander or destroy property. He works faithfully, wastes nothing, and makes the best use of his opportunities. He saves his money so that he may pay his own way, be generous to those in need, and help all worthy objects. He may work for pay but must not receive tips for courtesies or good turns.

10. A SCOUT IS BRAVE
He is not afraid to face danger in spite of fear and has to stand up for the right against the cooings of friends or the threats or threats of enemies, and defeat does not daunt him.

11. A SCOUT IS CLEAN
He keeps clean in body and thought, stands for clean speech, clean sport, clean habits, and travels with a clean mind.

12. A SCOUT IS REVERENT
He is reverent toward God. He is faithful in his religious duties and respects the convictions of others in matters of custom and religion.

THESE are the bombs which the aviators of the French army have dropped on German cities and trenches. The actual size of them may be seen in comparison with the aviator in the picture. It will be noticed that each, even the smallest, carries a peculiar fan on the tail to make it swirl as it drops on Germans.

the safety of others before that of himself. He is especially considerate of the helpless and weak.

A Scout can make himself known to a brother Scout wherever he may be by a method which only Scouts can know. He has brothers in every city in the land and in every country in the world. Wherever he goes he can give his signs and be assured of a friendly welcome. He can talk with a brother Scout without making a sound or he can make known his message by imitating the click of a telegraph key.

A Scout is kind to everything that lives. He knows that horses, dogs and cats have their rights and he respects them. A Scout prides himself upon doing "good turns," and no day in his life is complete unless he has been of aid to some person.

A Scout does not run away or call for help when an accident occurs. If a person is cut he knows how to stop the flow of blood and gently and carefully bind up the wound. If a person is burned his knowledge tells him how to alleviate the suffering. If anyone is dragged from the water unconscious, a Scout at once sets to work to restore respiration and circulation. He knows that not a minute can be lost.

A Scout knows that people expect more of him than they do of other boys and he governs his conduct so that no word of reproach can truthfully be brought against the great brotherhood to which he has pledged his loyalty. He seeks ways to make the word "Scout" worthy of the respect of people whose opinions have value. He wears his uniform worthily.

A Scout knows his city as well as he knows the trails in the forest. He can guide a stranger wherever he desires to go, and this knowledge of short-cuts saves him many needless steps. He knows where the police stations are located, where the fire alarm boxes are placed, where the nearest doctor lives, where the hospitals are, and which is the quickest way to reach them. He knows the names of the city officials and the nature of their duties. A Scout is proud of his city and gladly offers his services when he can help.

A Scout chooses as his motto "Be Prepared," and he seeks to prepare himself for anything—to rescue a companion, to ford a stream, to gather firewood, to help strangers, to distinguish right from wrong, to serve his fellowmen, his country and his God—always to "Be Prepared."

How to Become a Boy Scout
How can I join the Scouts? Hundreds of boys ask this question every day.

If you want to become a Scout, the first thing for you to do is to find out whether or not there is a troop organized in your town or city. If there is, you should call on the Scoutmaster of the troop and apply for admission. The Scoutmaster would then tell you just what you would have to do to become a member.

If you live in a large city where there is a Scout Commissioner or Scout Executive—and nearly every large city has one—it would be better for you to apply to him. He will tell you which troop it would be best for you to join—or possibly he will help you organize a troop of your own.

But if there is no Scout organization in your town your problem is entirely different, for you must have a troop organized. The first thing to do is to get a copy of the official "Handbook for Boys." You may be able to buy one at your local bookstore, but if not you can get one from National Headquarters, 200 Fifth Avenue, New York, N. Y., for 25 cents. Read this book carefully.

Next you must talk with your boy friends and get them interested. When you have enough boys to form a patrol—at least eight boys—you are ready to organize.

Your next problem is to get a Scoutmaster. He must be a man over twenty-one years of age whose good character will be vouched for by others. If you have not already found one who is willing to take charge, you must find one, for you cannot become Scouts until you have a man at the head of your troop. Try all your fathers and brothers and see if one of them will not consent to help you out. If none of them will do this, pick out some other man you know, and try to get him interested. Send his name to the National Headquarters and ask them to write to him. In the meantime, show your man that you mean business. And don't quit if you try long enough you will get one.

Probably your troop will be connected with some school or church or other institution. If so, your Scoutmaster will see the head man of the institution and explain to him that a troop committee must be appointed. This committee will be composed of three or more men appointed by the proper authorities of the institution, i. e., board of trustees, directors, executive committee, etc. If the troop is not connected with any institution the committee should be composed of prominent men who represent the best elements in the community.

These men may be selected by the Scoutmaster or they may constitute themselves a committee for purposes of organization, subject to approval of National Headquarters. The Scoutmaster or the troop committee will apply to headquarters for Scoutmasters' and Assistant Scoutmasters' application blanks, as well as registration blanks. These will be approved by members of the troop committee, who will agree to provide a new leader if it should become necessary to appoint one.

The Scoutmaster will ask you and the other boys to sign applications for admission to the troop and these applications will be endorsed by your parents. He will send in your fees, which are 25 cents a year for each Scout, and your names will be officially entered. Those of the tens of thousands of other boys who are members of the Scout organization. You will then receive an official certificate and be entitled to wear the official badges and uniform and will be in a position to begin your progress in scouting and advance through

Orange County Savings & Trust Company

Important Notice To All Gas Consumers

On December 1st, 1915, the new Rules of the Railroad Commission of California governing the practices of gas companies throughout the State, go into effect.

This Company intends to make every effort to comply with the Commission's Rules fully and without discrimination. We therefore publish below the important points which we shall observe.

We particularly desire to impress our consumers with the idea that any inconvenience or annoyance which may result to them is due entirely to our desire to follow the Commission's Rules fully and without discrimination.

We have copies of the complete rules on file in all our offices, and we shall be glad to show them to all who may inquire.

I. After November 30th, 1915, we will require no deposit from an applicant for gas service:

- (1) Who owns the premises where he desires service.
- (2) Who furnishes a responsible guarantor for the payment of his bills.
- (3) Who can show that he has paid all his bills to any branch of the Southern Counties Gas Company promptly during the twelve months ending December 1st, 1915.

II. Hereafter we will require a cash deposit from any applicant for service who does not comply with either of the three conditions in paragraph I.

The amount of this deposit shall be \$2.50 from applicants for residence or domestic service. From other than applicants for domestic service, the deposit shall be twice the average estimated periodic bill. We will pay interest at 6 per cent a year on all guarantee deposits held for twelve months or longer.

III. Beginning December 1st, 1915, we will, upon surrender of the proper receipt, return meter deposits in full to all consumers who qualify under paragraph I hereof, and who have paid all indebtedness to the Company. From those consumers who do not own the premises, or do not furnish a guarantor or have not paid their gas bills promptly for twelve months, we will retain \$2.50 of the deposit and issue a new receipt.

IV. If any consumer fails to pay his bill on or before the 10th of the month, following that in which the gas was used, we shall send him a notice that unless he pays his bill within five days we will require a deposit to guarantee future bills. We shall at the same time serve notice that unless the bill is paid within five days or a deposit made within fifteen days the supply of gas will be discontinued.

V. If a consumer disputes the correctness of a bill which we claim is correct, we will require him to deposit the amount of the disputed bill with the Railroad Commission. The Commission will investigate the facts of the disputed bill and their findings shall be binding upon both parties. If the deposit is not made within fifteen days from the date of our request, the supply of gas shall be discontinued.

VI. If the consumer who has made a deposit fails to pay his gas bill on or before the 10th of the month, we shall apply whatever part of his deposit is necessary to the liquidation of the unpaid bills. If it is necessary to use the entire deposit for the liquidation of the unpaid bills, we will require that the deposit be restored to its original amount within fifteen days or the supply of gas shall be discontinued.
